life . . . so simple
in the beginning just food and warmth
then the complexities creep in
causing loneliness, thought, and wonder . . .

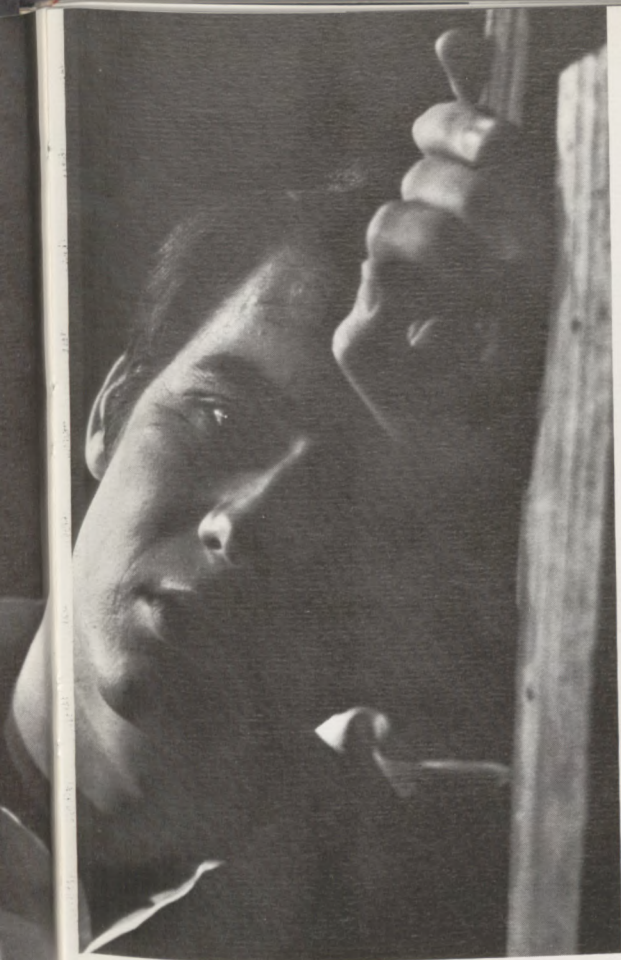

my moods are many; they come and go. not one can capture what is really me. still, what i feel today is real, and if i cry today and laugh tomorrow that is all a part of the person that i am.

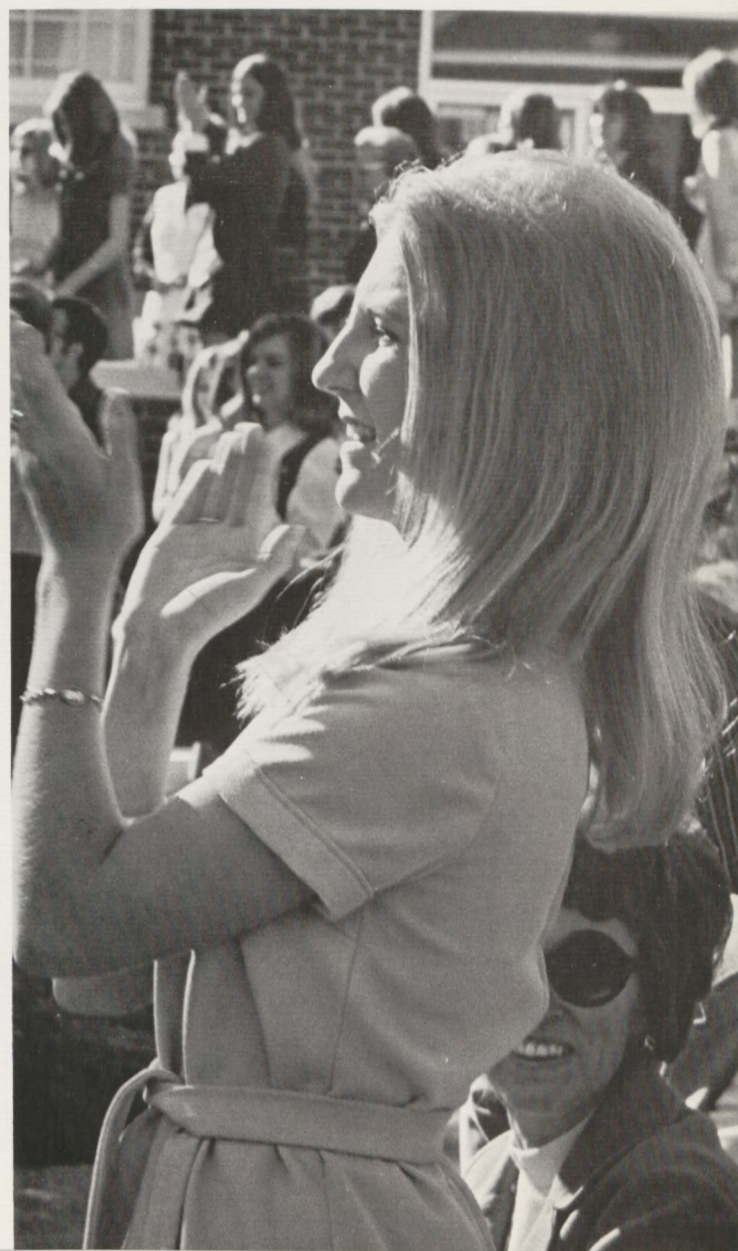

we all wear masks, but none of them pass for our true selves. the time eventually comes that the mask is no longer satisfying and we must seek the truth about our world and ourselves. seek it with honesty, because our very existence may depend on what we learn; with courage, because truth has been known to make even strong men falter.

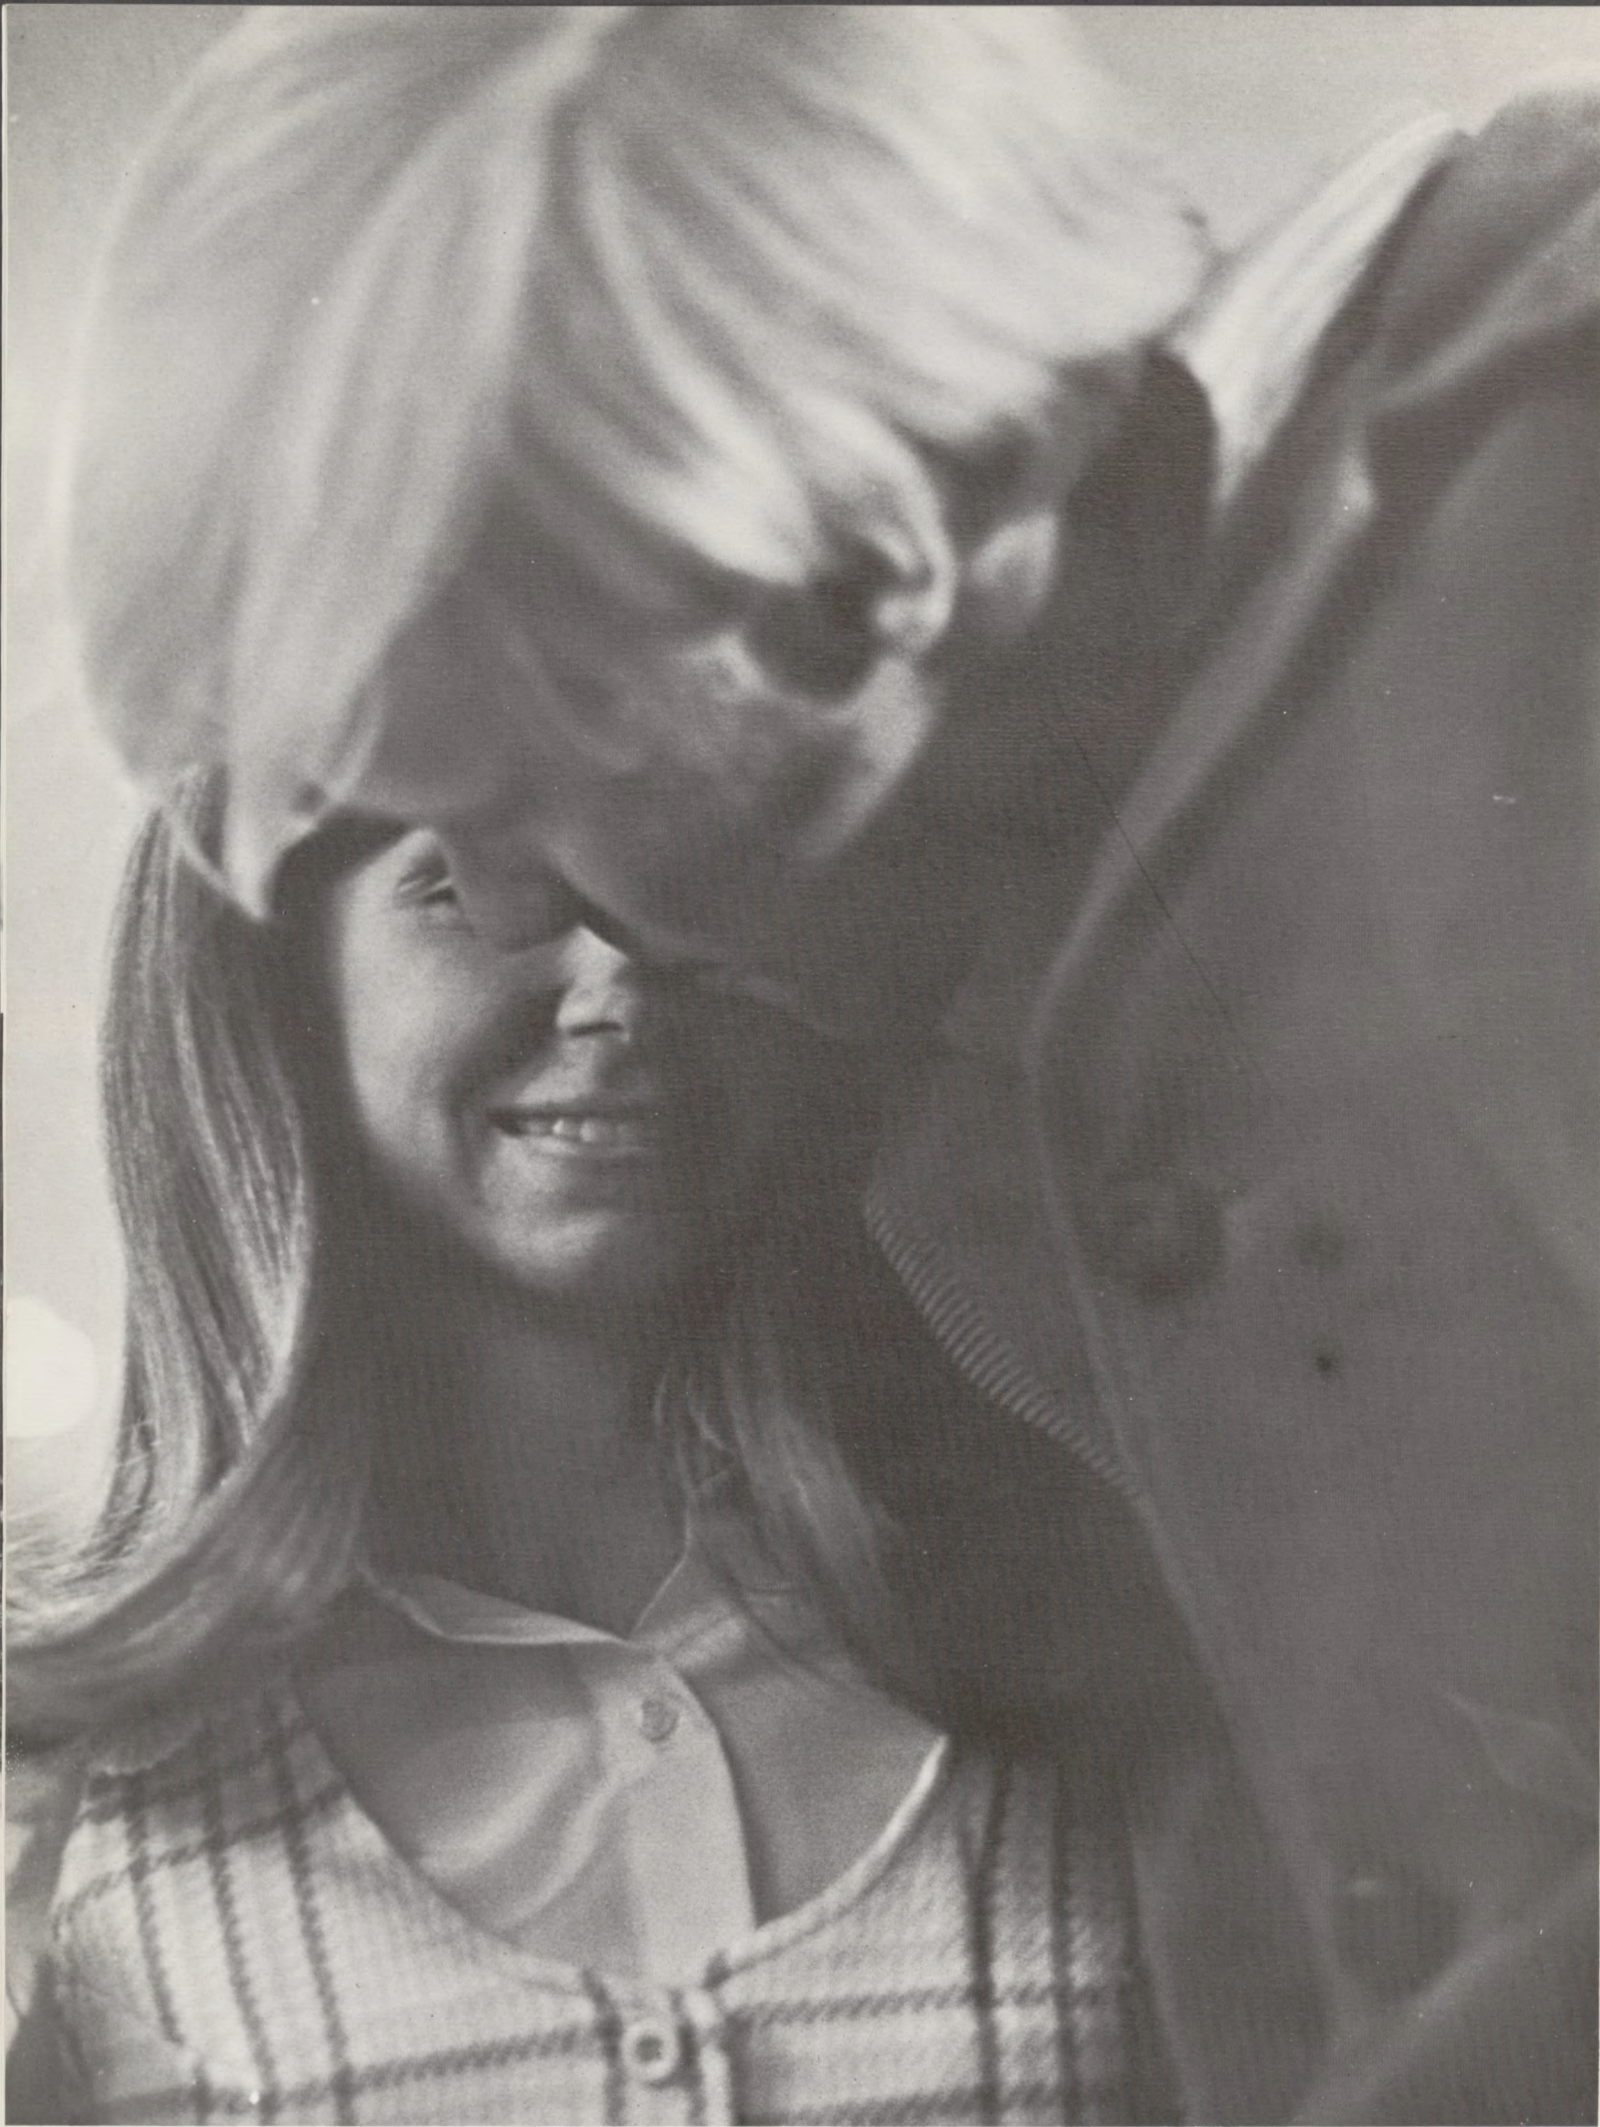

if we learned anything in these years, it is that nothing remains the same. all of life is change, and to see that fact most clearly we have only to look at ourselves. the eager believing freshmen of four years ago have become men and women seeking their place in a world that constantly changes.

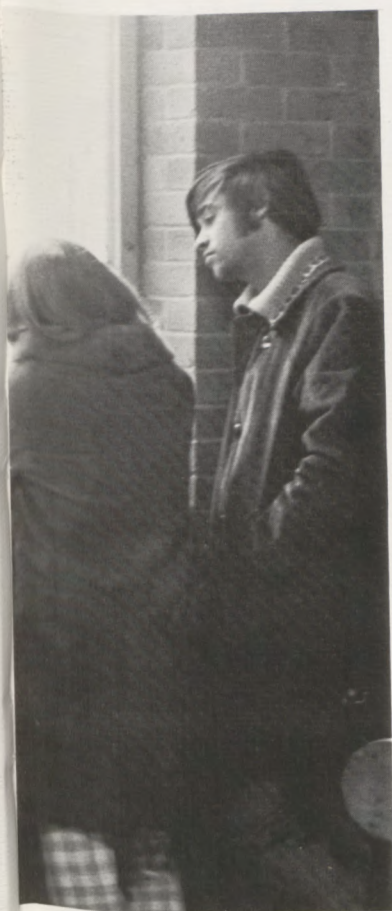

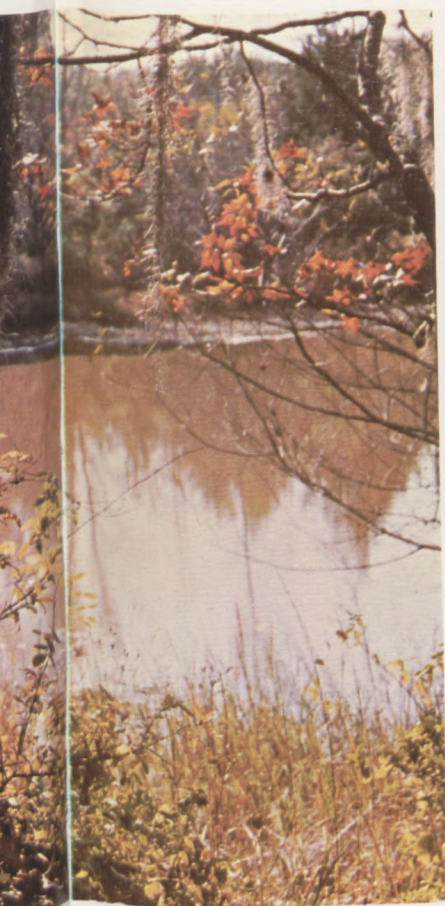

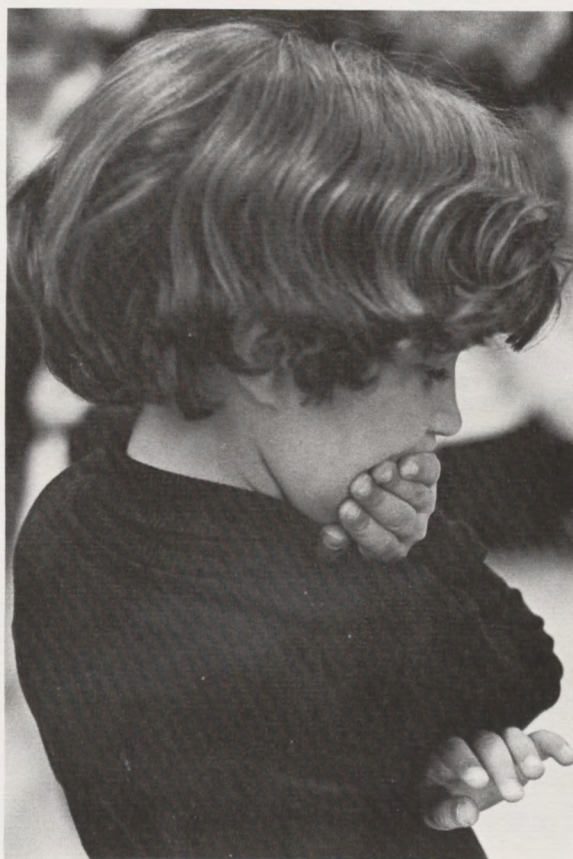

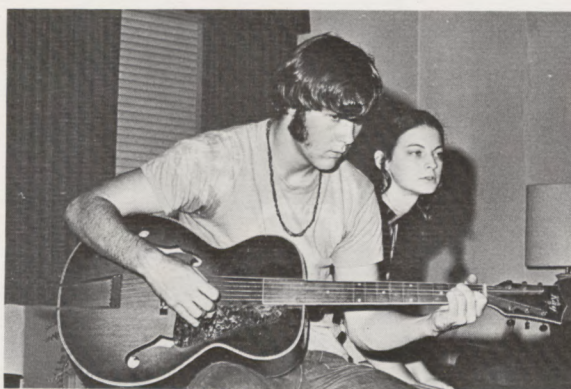

for companionship, for understanding, for strength, we need one another. with belonging and acceptance comes a feeling of security that is as simple and overwhelming as a child. we need to share our experiences, but most of all, we long for something we can call our own.

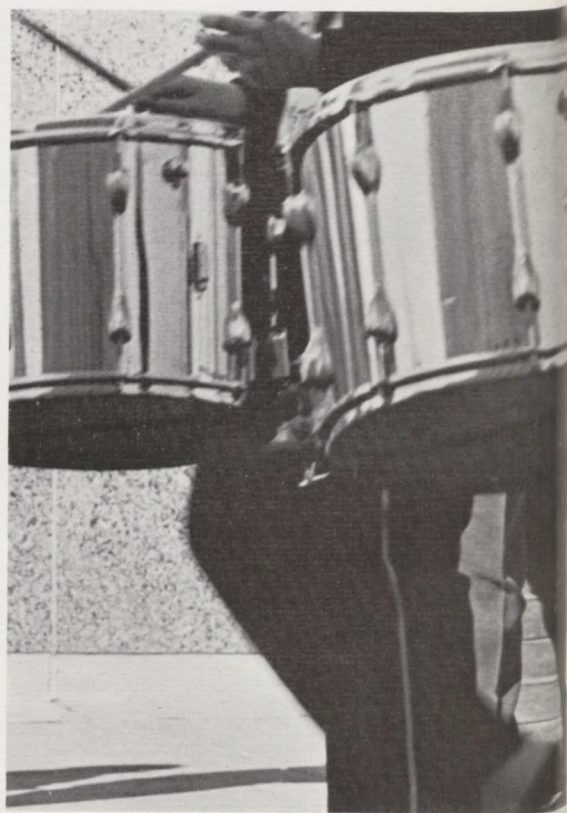

there is a real sense in which each of us is always alone. it is a part of us that belongs only to ourselves and no one else. there come the times when this part of us must have moments to sneak away, to hide, and to reside in solitude.

in our own way each of us is living and searching for something that will make life worthwhile for not only ourselves but for others as well. ceaselessly we must seek out new ideas, new beliefs, new modes of behavior. sometimes we learn that to seek is as good as to find, but no one can afford not to look at all.

MISSISSIPPI COLLEGE 1971

life rushes by at such a hurried pace that we sometimes fail to grasp the little things. instead we concentrate our efforts on mysteries which, in spite of the diligent labor produced to find a solution, can be solved only by examining a genuine smile, an approving nod, or an outstretched hand.

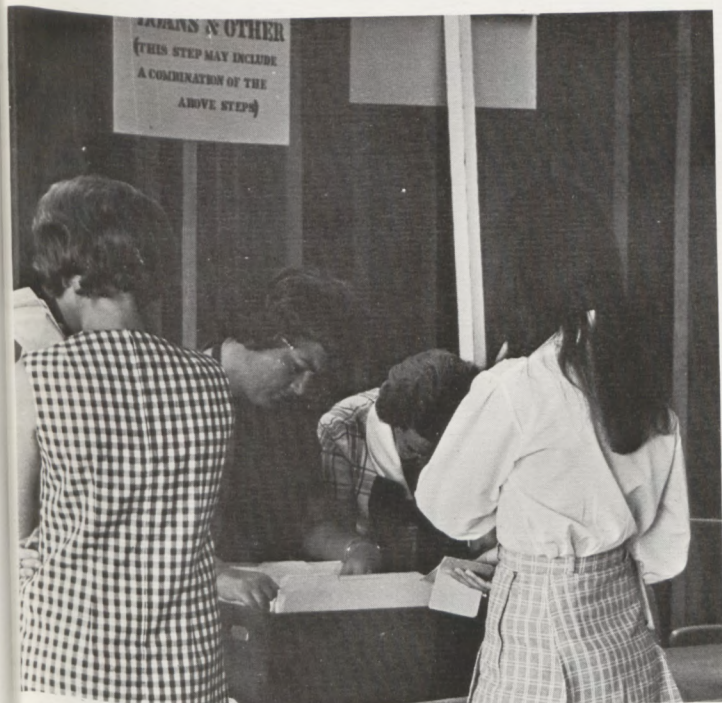

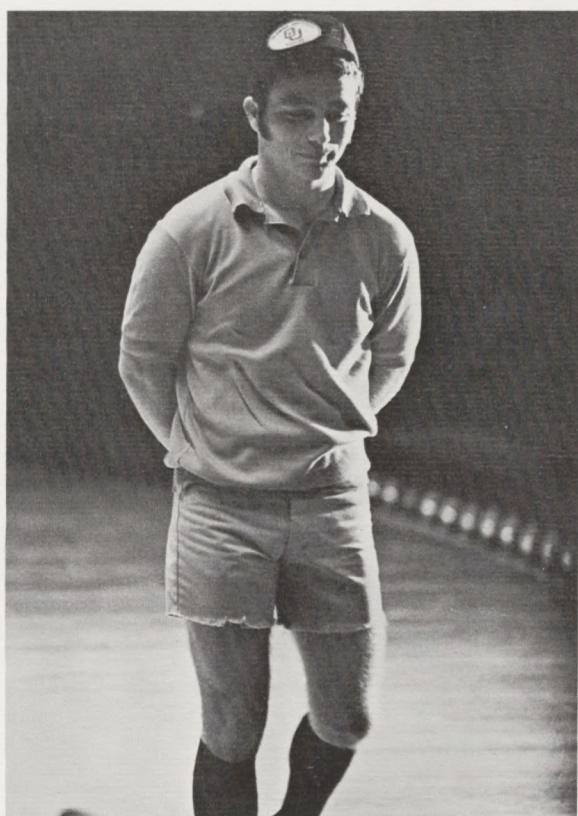

these gestures, seemingly insignificant, are fractions of the whole. like a chain composed of links, experiences are vital to life. each one, whether great or small, alike or unlike, is necessary for the other. every experience is unique. . .

anticipation and fear ramble through his mind as the time of transition approaches. in just a few short weeks, he is transformed from a kid wet-behind-the-ears to a necessary part of our community—his community. this change creates moments of confusion as well as a desire to become more involved. but anything of value is worth waiting for . . . and so he waits.

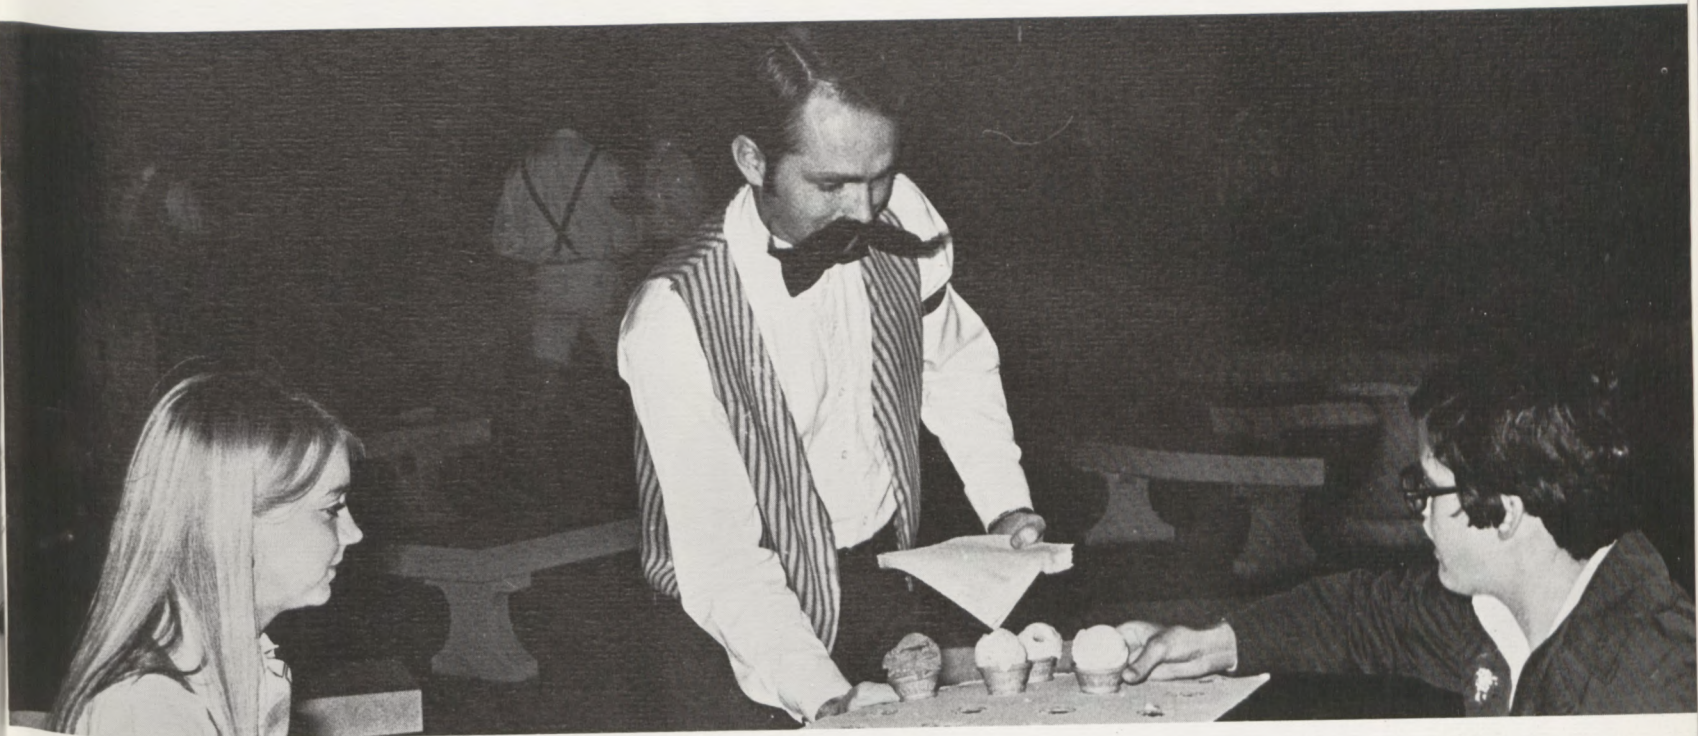

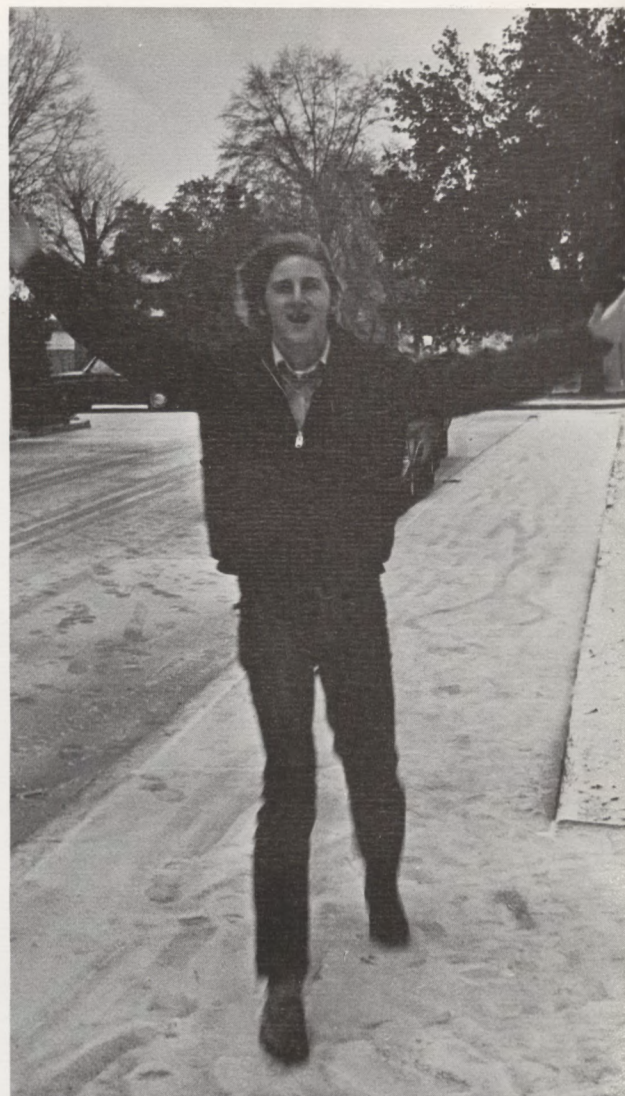

individuals meet other individuals. all are similar,
yet each one possesses a certain spark of
diversity putting him apart from every one else.
no two are the same. so as some are meant
to follow, others are destined to lead. when
he speaks, he is heard.

we talk of being ourselves, being different,
yet often we appreciate the security of being
accepted, sharing with others. we discover in
each other understanding and concern, and
find a listening ear when the going gets rough.
happiness is the need to reach to one another.

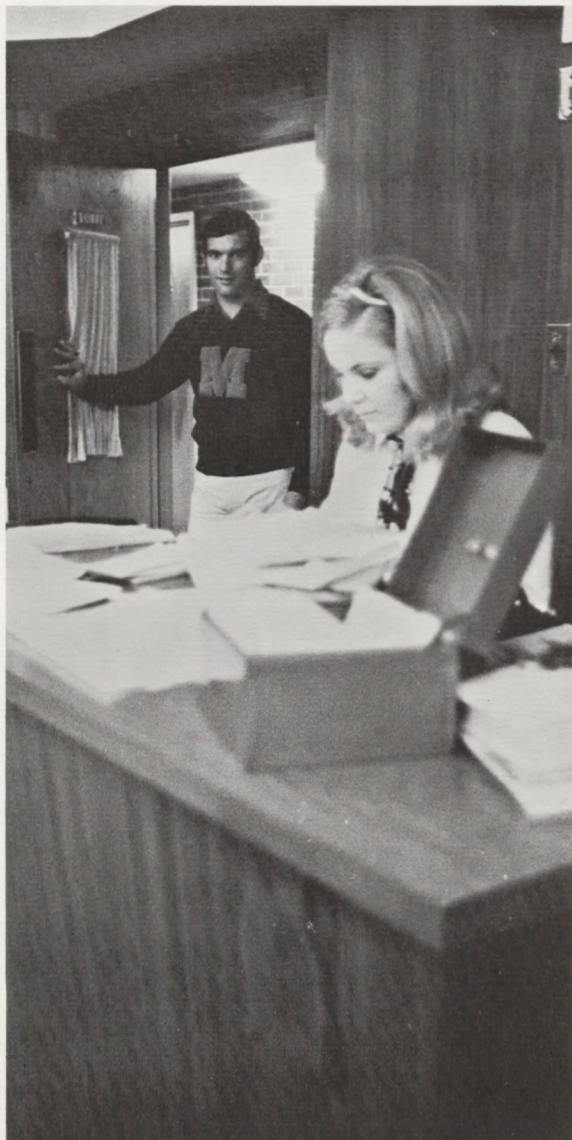

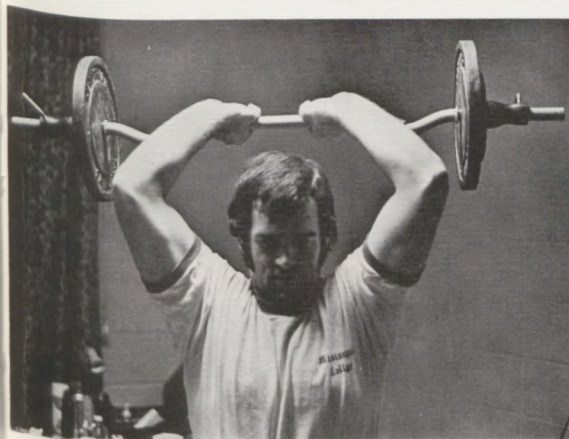

seeking a better education, we came. it is strange how we tend to temporarily detour onto more enjoyable routes. we long for moments which invite a release from our scholarly enrichment. we can worry about that tomorrow. but tomorrow comes too soon.

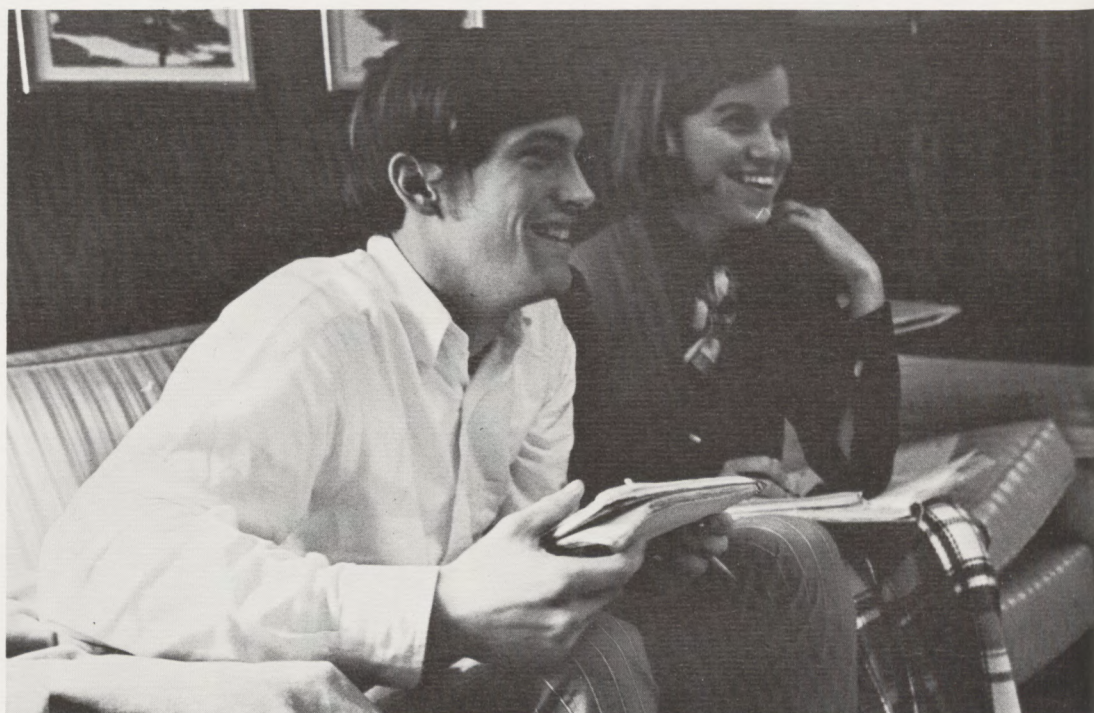

this is the place where the unexpected is always expected and where one may find an assortment of items, both the valuable and the useless. this is home away from home.

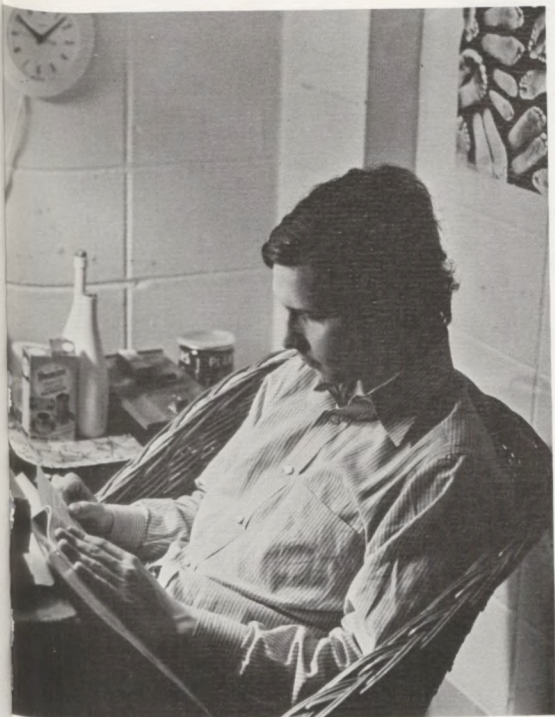

without warning, it is time for us to pack our memories and reflect upon our good times. the final determinant of the knowledge we accumulated makes us resolve to be more industrious next year. it appears to be the end, but as in a circle, in reality, the end is the beginning.

the 1970 season

in spite of a mediocre season on the football field, mississippi college players broke individual feats. quarterback andy sumrall completed 122 passes for 1843 yards and 17 touchdowns. tailback travis eldridge ran the ball 175 times for 674 yards rushing. ricky herzog playing flanker hauled in 42 pass receptions for 663 yards.

looking back on the season various thoughts might pass through one's mind: bob disney streaking across the field to grab one of his "circus catches"; win foshee finally taking in a pass and showing that "lightning speed" of his; "old man" kinslow barreling up the middle; and as the opposition gets driven out of bounds on the m.c. side of the field, coach james coleman ending up on the bottom of a huge pile of players—many of them choctaws.

mike kappelmann came through the season with a steady performance at center. frank dyer once again sent his soaring punts high above the playing field and booted field goals and extra points regularly. on defense frank davis and steve kennedy blasted through many times to drop on opposing quarterbacks for a loss. also steve sparks aided the chocs by stopping several big plays.

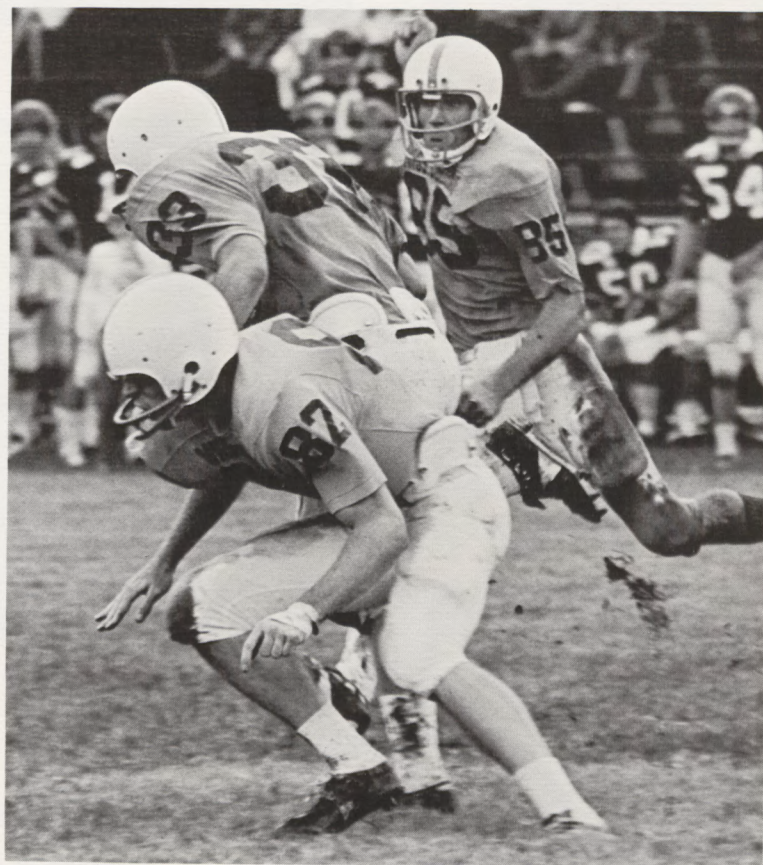

much team effort was exerted by all the team members to end the choc season with a 4-5-1 record.

first row: weems, kilgore, dyer, buskirk, sumrall, chism, fields, eldridge, nail, garner, hatch, street. **second row:** coach blackwell, wedgeworth, berry, coon, mills, sparks, carruth, hunt, kinslow, woods, s. johnson, f. johnson. **third row:** kapplemann, haskins, trudel, doster, huff, seymour, faulkner, j. walker, cheek, watkins, thompson, coach hudson. **fourth row:** coach coleman, coach walters, seiz, Oberschmidt, g. walker, nowell, mullins, davis, sheirmann, smith, wright, haik, hayden. **fifth row:** kennedy, foshee, herzog, blocker, pierce, shepherd, brooks, disney, davis, neidhardt, coach mcphail.

henderson state hedges chocs

henderson state had to come from behind to squeeze by the choctaws in a 14-10 battle. with 3:22 left on the clock the reddie's scored on a forty yard run. after the reddie's led 7-0 at halftime, andy sumrall hit rick blocker on a four yard pass to tie the score. frank dyer's point after attempt was good and he added a field goal later for m.c.'s ten point total.

blocker and shepherd run interference for carruth.

muleriders fall to choctaws

mississippi college rallied to defeat southern state's muleriders 21-13 on their home field in magnolia, arkansas. travis eldridge scored first for the choctaws on an end sweep late in the second quarter. eldridge came through again on a two yard plunge in the third quarter, and donnie carruth added the final points in the last quarter bulling through on a two yard run. frank dyer added three extra points.

donnie carruth breaks tackle for a long gainer.

o.b.u. crushes m.c.

ouachita baptist university handed the choctaws their worst defeat in several years with a 50-28 grinding ground game. andy sumrall passed for four touchdowns in m.c.'s futile effort. two td's went to swift win foshee, one for 85 yards and one for 64 yards. dale shepherd and rick blocker caught the other two touchdown passes. once again frank dyer came through with four extra points.

kennedy (79) crushes ouachita runner.

john buskirk (14) dives for 3 yards over blocking of kappelmann (52) and thompson.

m.c. tramples harding

mississippi college evened the record at 2-2 as the choctaws blasted harding college 24-0 with andy sumrall's three scoring passes. ricky herzog came into the picture with receptions of 57 yards and 11 yards. win foshee added another score as he gathered in a sixtyyarder. dyer booted a 32 yard field goal and three extra points for another perfect night.

bulldogs - "dirty" winners

muddy, rainy, and away from home . . . samford's bulldog's fought for a 21-13 victory over the choctaws. sumrall scored one touchdown on a drive over the middle and the other score came as the m.c. quarter-back passed 20 yards to foshee.

slippery when wet.

chocs tie up statesmen

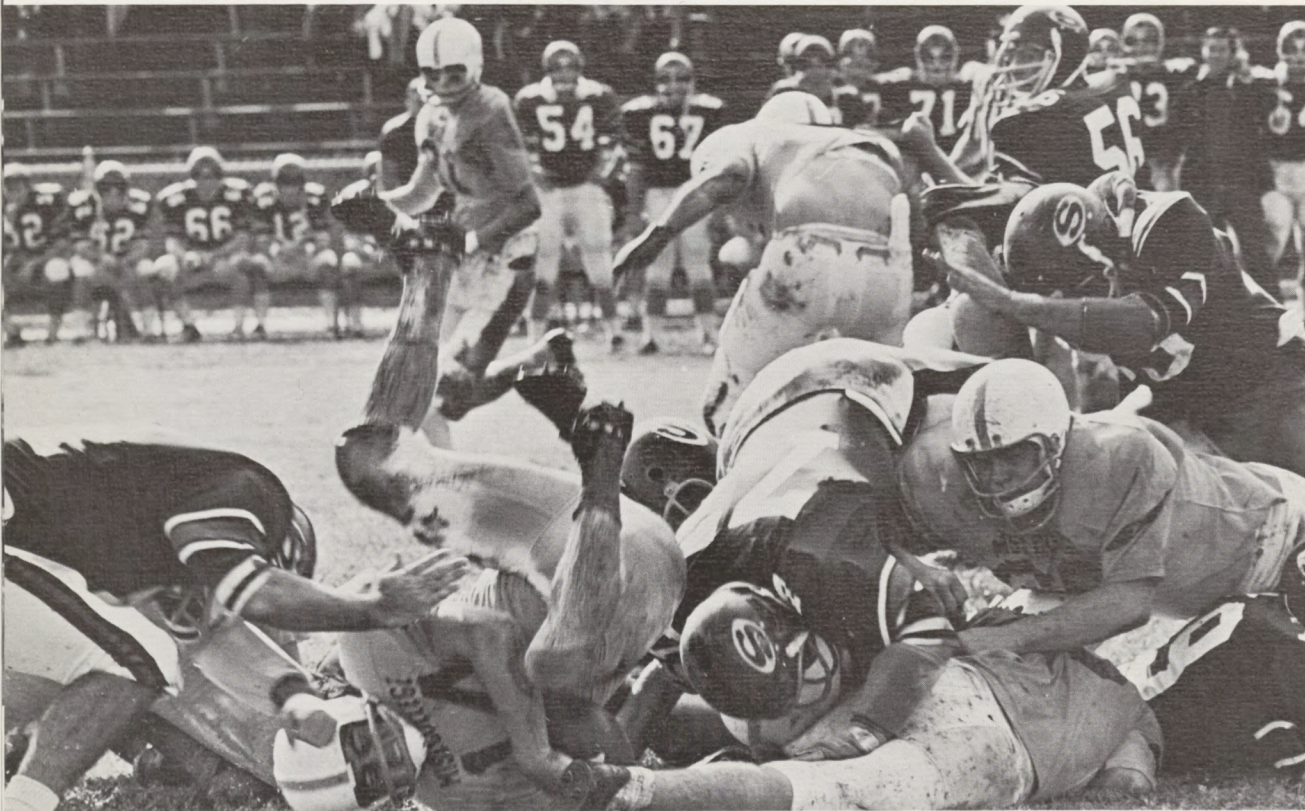

with two seconds on the clock at jack-son's memorial stadium and m.c. losing 30-24 at the hands of delta state, sumrall hit donnie carruth from ten yards out to salvage a tie. m.c.'s point after attempt hit the cross bar and fell to the left . . . a 30-30 tie.

kennedy (79) smothers a delta state ball carrier.

davis (88) makes second effort tackle over delta state blocker.

john buskirk rolls for 2 yards as herzog watches action.

livingston defeats m.c.

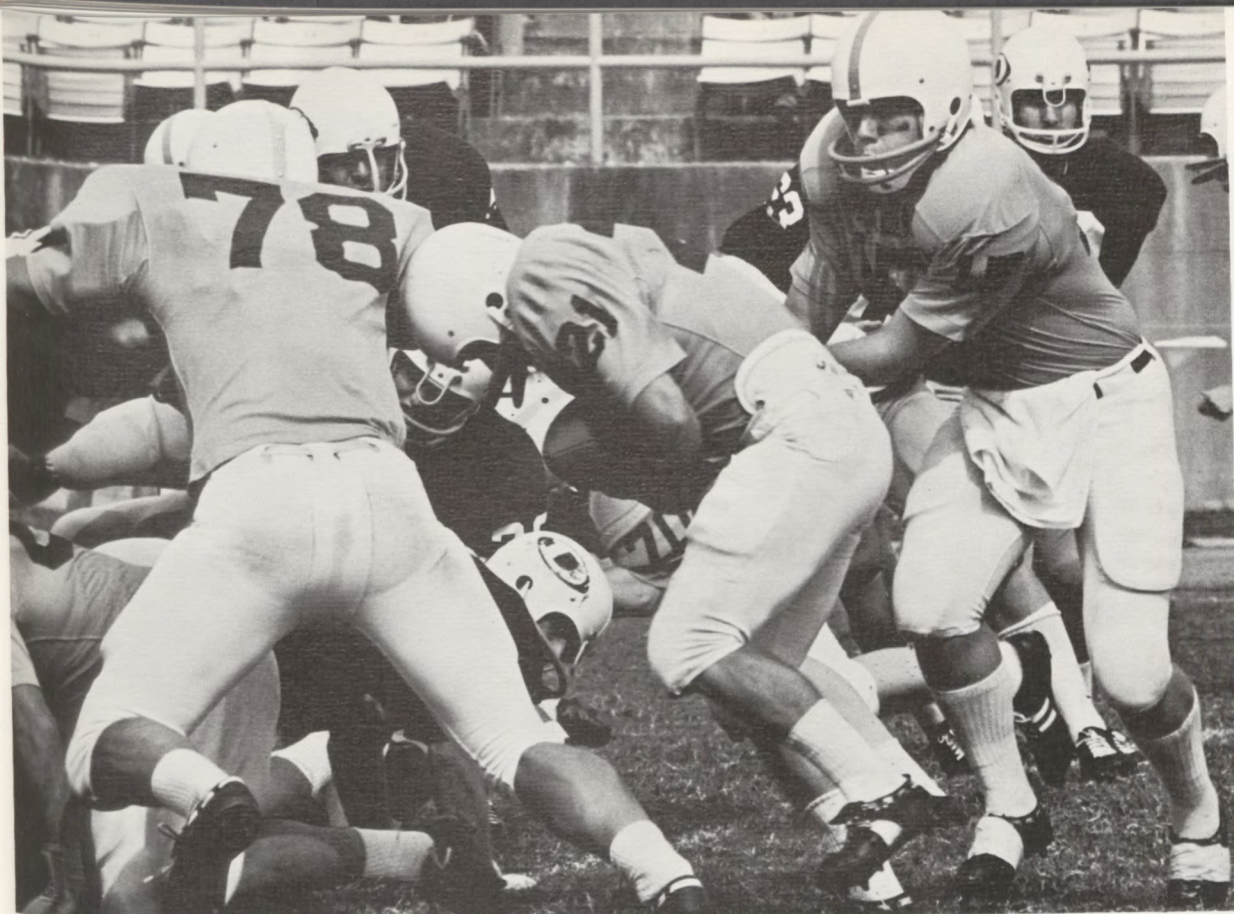

another away game at livingston, alabama, brought the choctaws a 23-13 deficit. bob disney hauled in seven aerials to lead m.c.'s attack. sumrall passed for 233 yards completing 19 of 35 passes. ricky herzog added several "circus catches" as m.c. fell short once more.

chocs meet homecoming victory

homecoming found the chocs at their best as the mighty braves won 21-14 against the arkansas a & m bollweevils on a dale shepherd reception. carruth scored the first t.d. and the second came on a 5 yard pass caught by larry kinslow. the scoring was topped off by dyer's three after points.

hayden (78) busts a hole for eldridge (21) on a handoff from sumrall.

carruth pursued by defense.

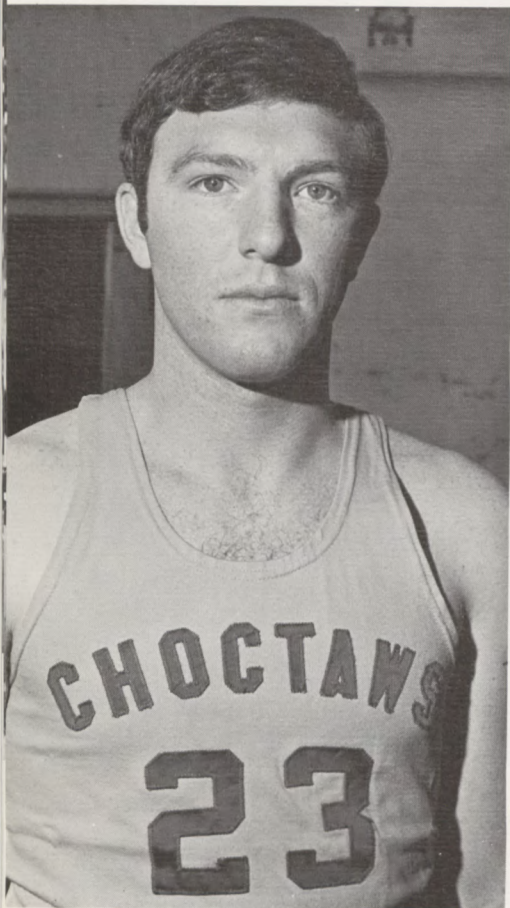

m.c. sails over navy

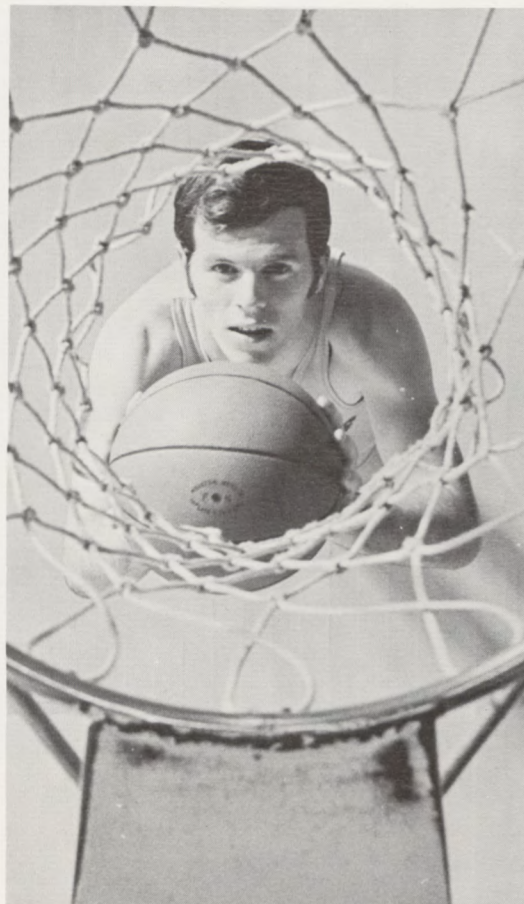

in a defensive struggle mississippi college came out on top of pensacola navy 7-3. the lone choctaw score came on a 10 yard pass from sumrall to eldridge on a second down play. the scoring was set up on a bad navy punt. at this point the choctaw record was four wins, four losses, and a tie.

chocs fail final

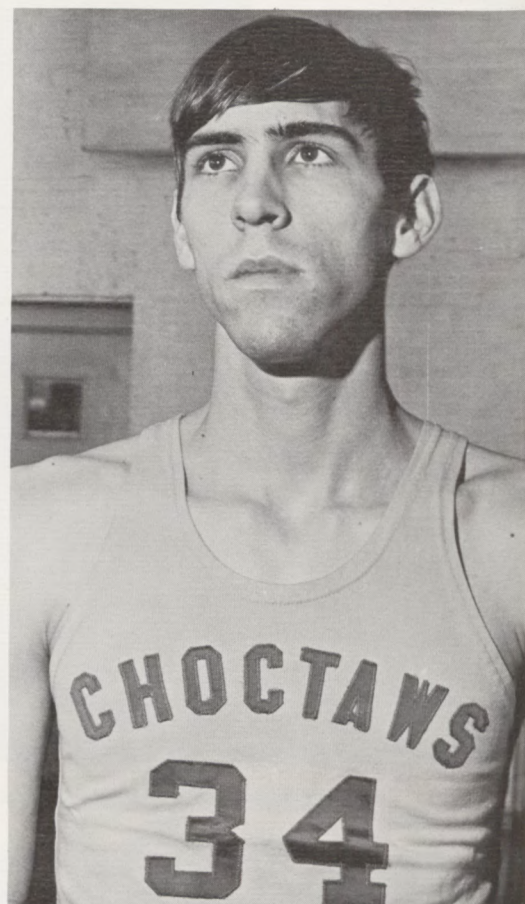

furman's paladins invaded choctaw territory for the final game of the season, and m.c. fell victim to a 38-17 thumping. mississippi college ended the year with a 4-5-1 record. it was this game that andy sumrall passed the 4,000 mark in pass yardage and travis eldridge ran up his rushing yardage to over 2,000 yards.

basketball deserves an intro

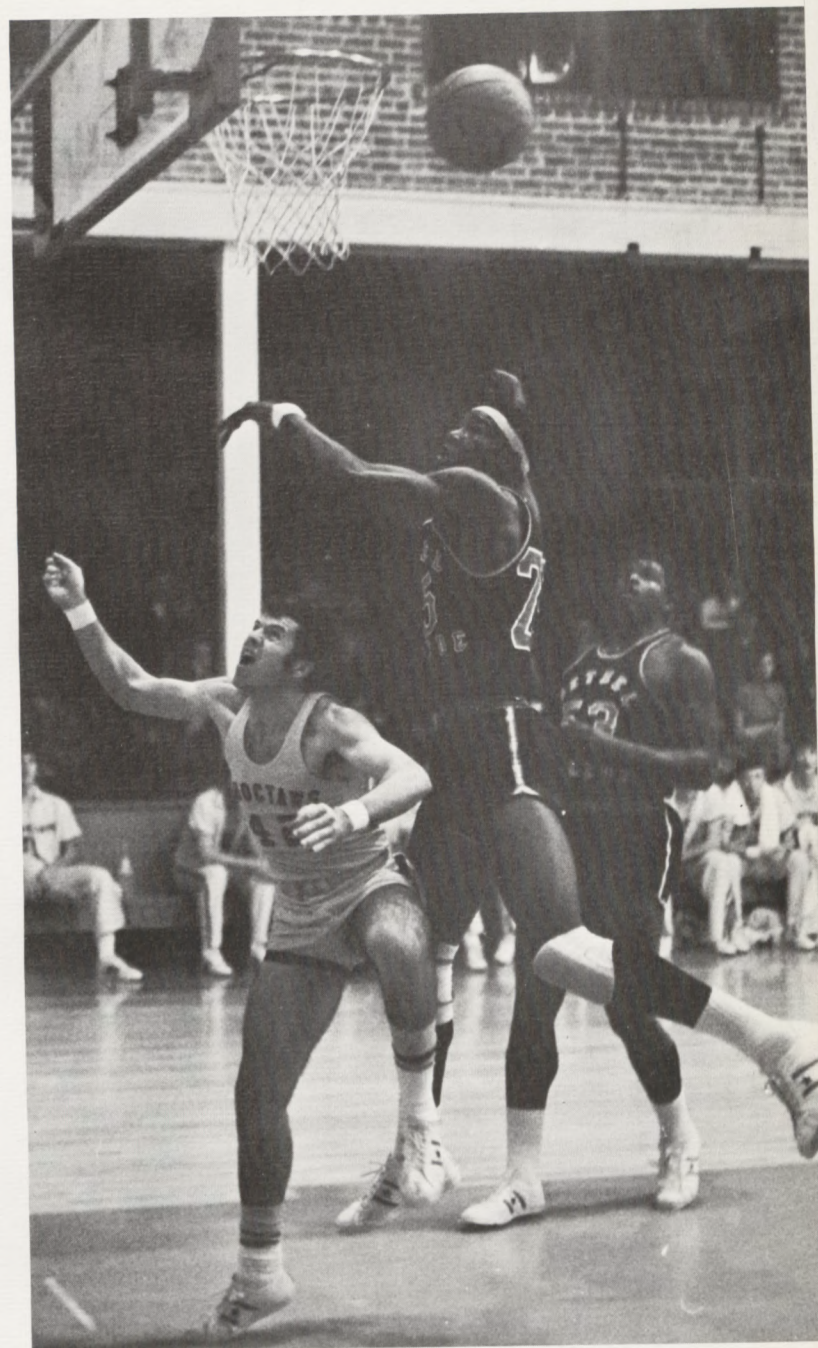

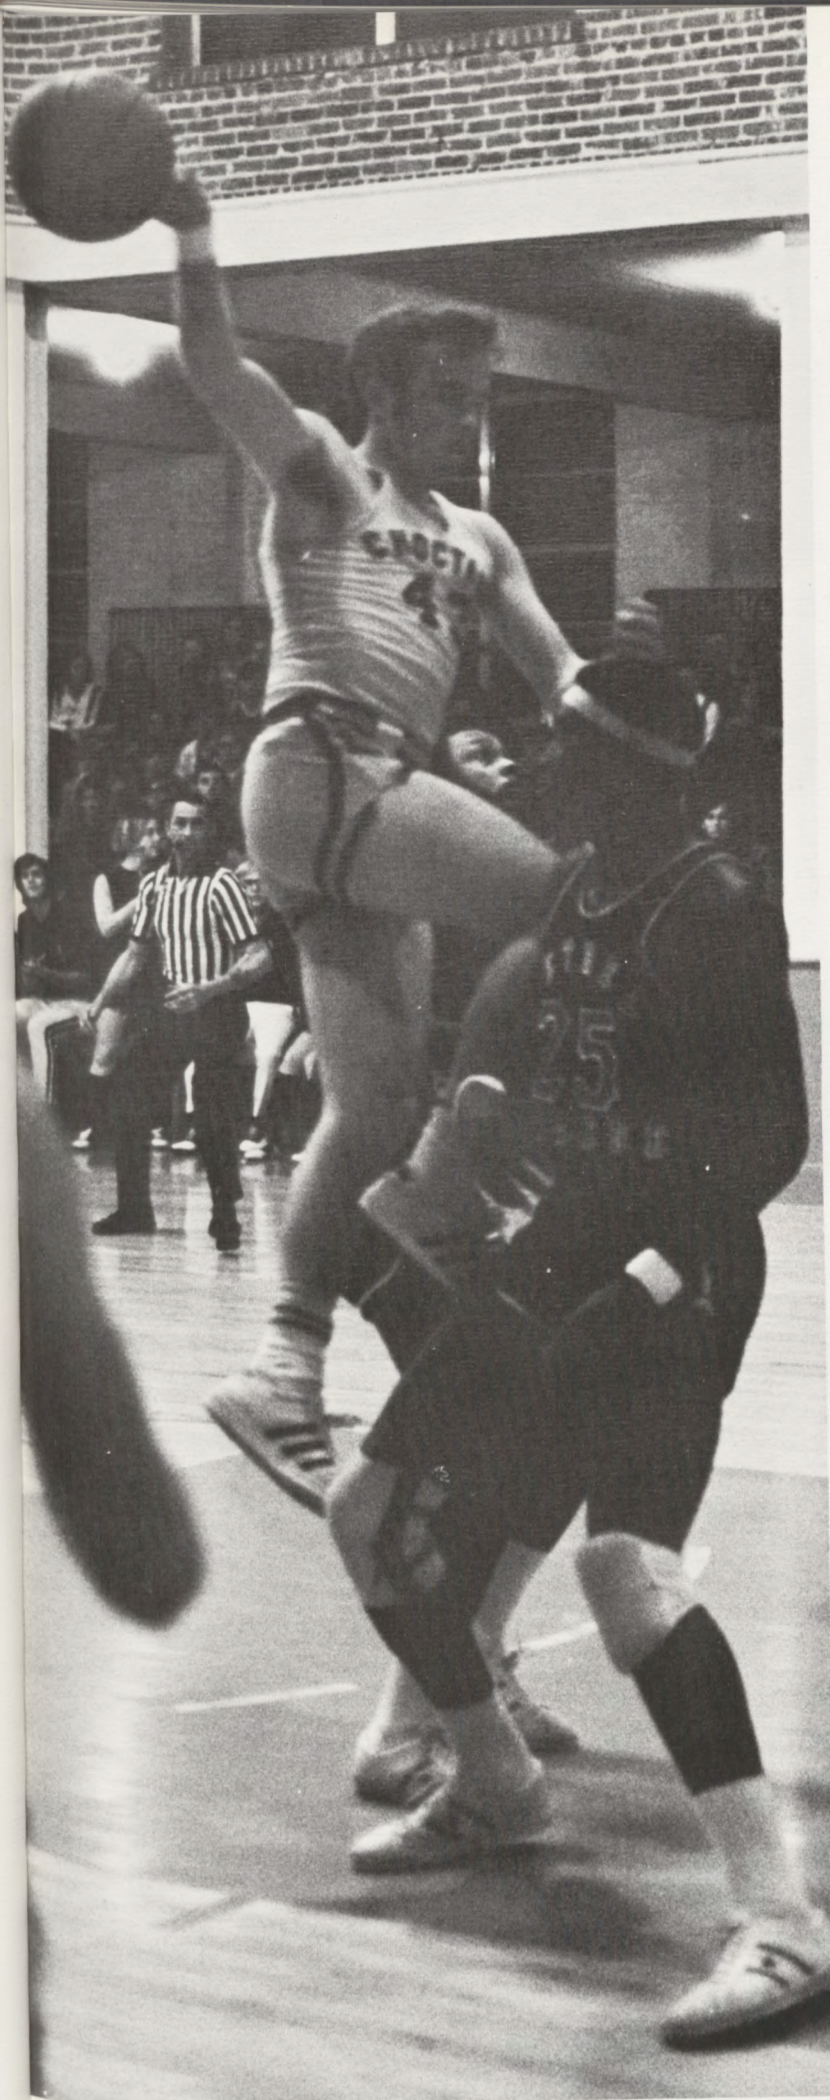

the 1970-71 basketball season at mississippi college was filled with interest and excitement as the choctaws sought to surpass the mere three win record of the previous season. this was accomplished early in the season when the roundballers boosted a 5-1 record after a brilliant win over millsaps 98-97. other games of the season were to bring disappointments as well as encouragement. the choctaws could boast of jehu brabham, who was named as national high scorer. figures can speak for themselves but they do not tell how every member of the team dedicated himself to forming a unit that played with a desire and finesse to win. coach allen ended his eighteenth year of coaching at mc with a season of good ball playing.

first row: janice coward, gail walker, martha batson, martha hartsell, jay jay epting. **second row:** coach ed nixon, kay ponder, liz white, dot easterwood, debbie moody, nita magee, marilyn smith.

girls basketball

after many weeks of hard practice the girls basketball team traveled across the state to meet other college teams in games and in several tournaments. for the first year the team played the full court ball which required extra discipline. graduate assistant and coach for the team was ed nixon.

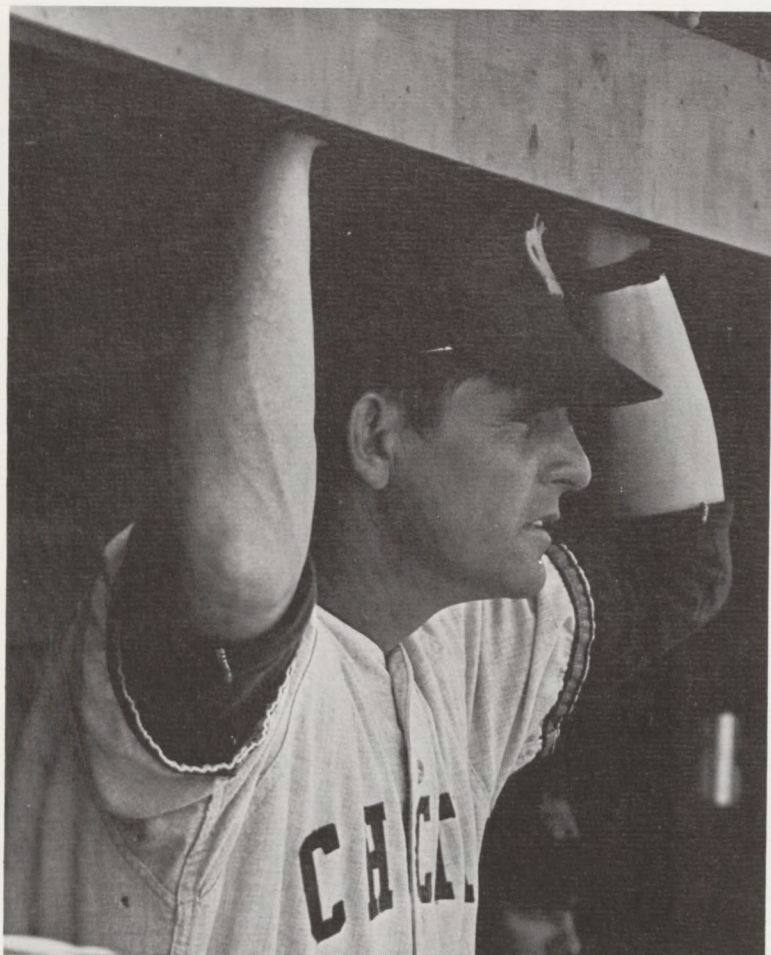

first row: tom bonds, tony jones, carl kolb, joe dan johnson. **second row:** charlie ray, john wayne edwards, john reed, curtis ferrell, roger pursley, bill pope, mac bethea, wayne mullen.

this year co-founders bill pope and carl kolb added another first to mc—its own soccer team. the team which began as a club was aided by the knowledge of four members with previous soccer experience; curtis ferrell, who played in argentina; carl kolb, who played in brazil; bill pope, who played in okinawa; and mac bethea, who played in india. the team which had a 1-1 record after two games has hopes of becoming a recognized varsity sport.

coach james coleman

on for baseball

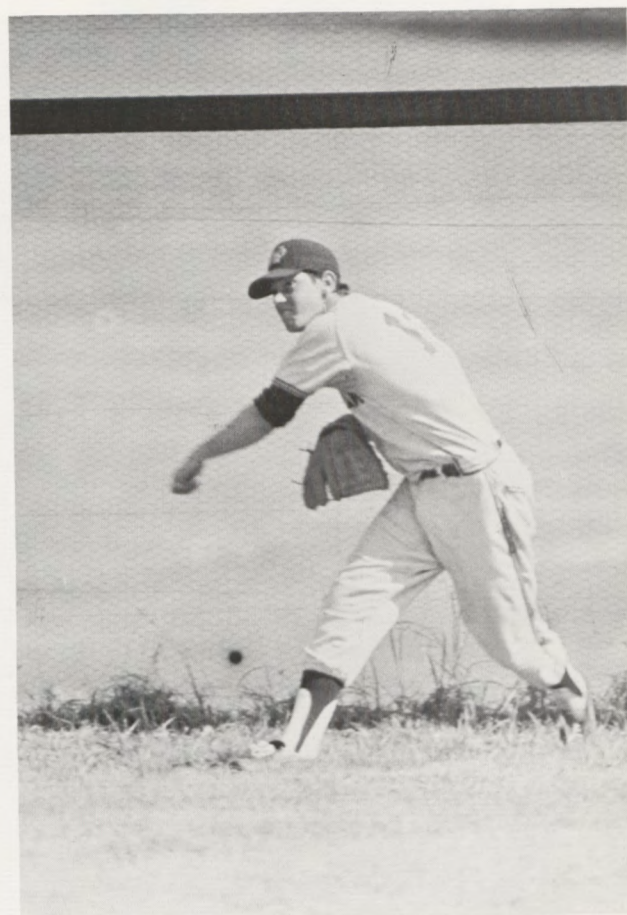

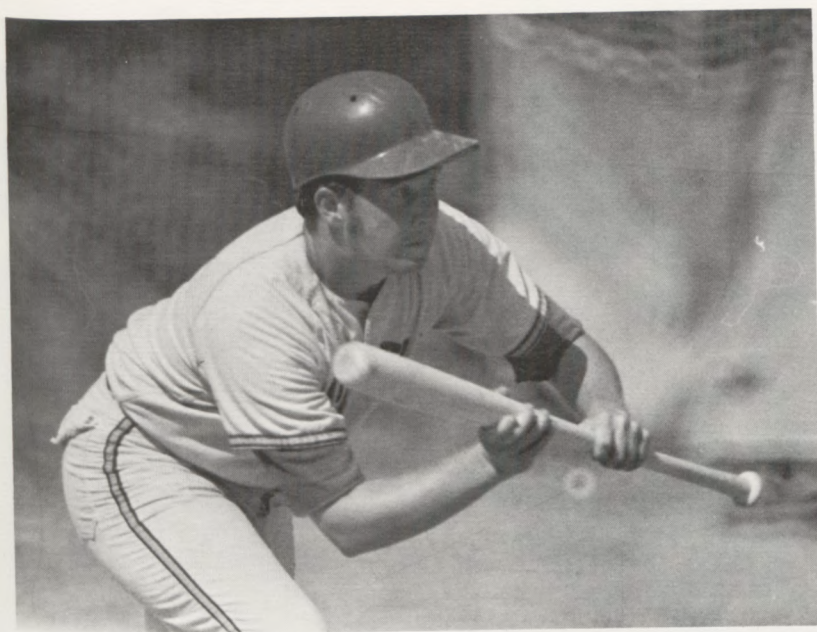

mississippi college baseball choctaws took on an ambitious near twenty-five game season and broke almost even with a win-loss record. the unusual seventeen home games added to the increased spirit and interest for baseball on the campus. coach coleman weeded out a twenty-eight man roster that included seven pitchers. the strong point during the season was the infield which was supported by four returning lettermen.

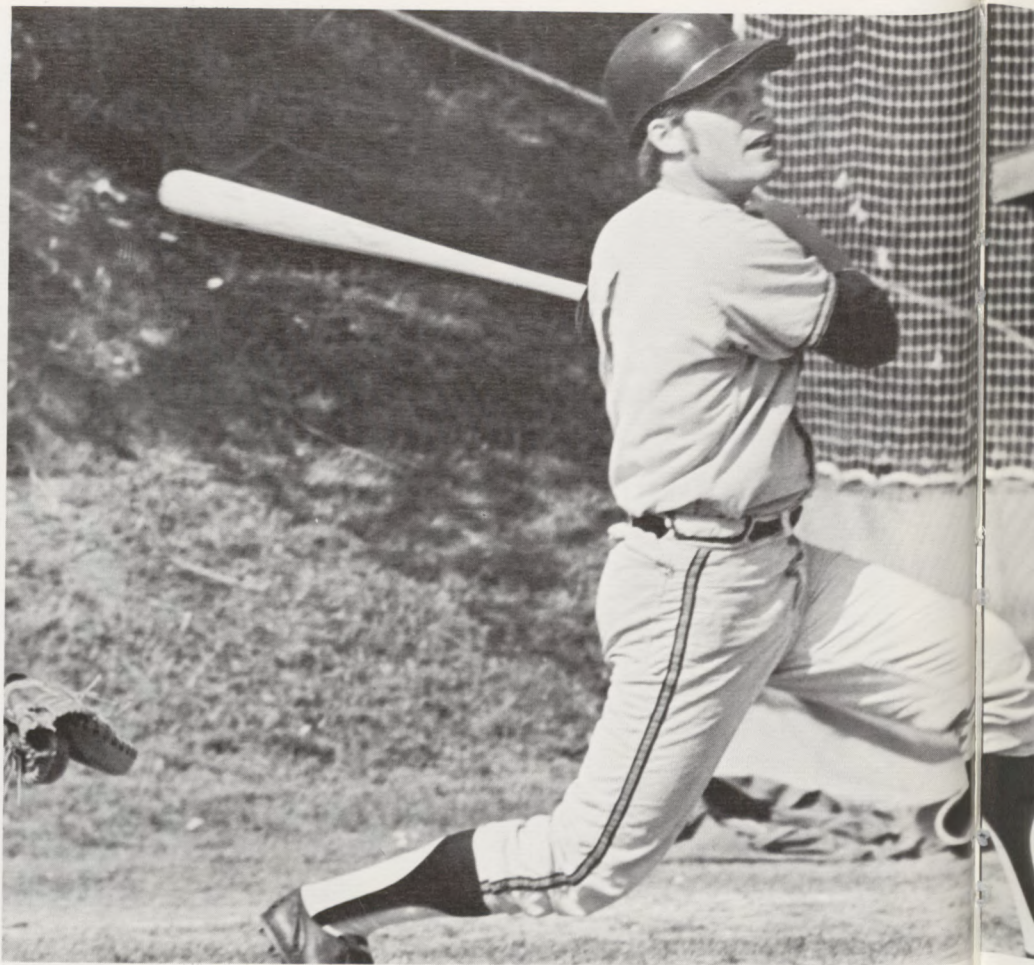

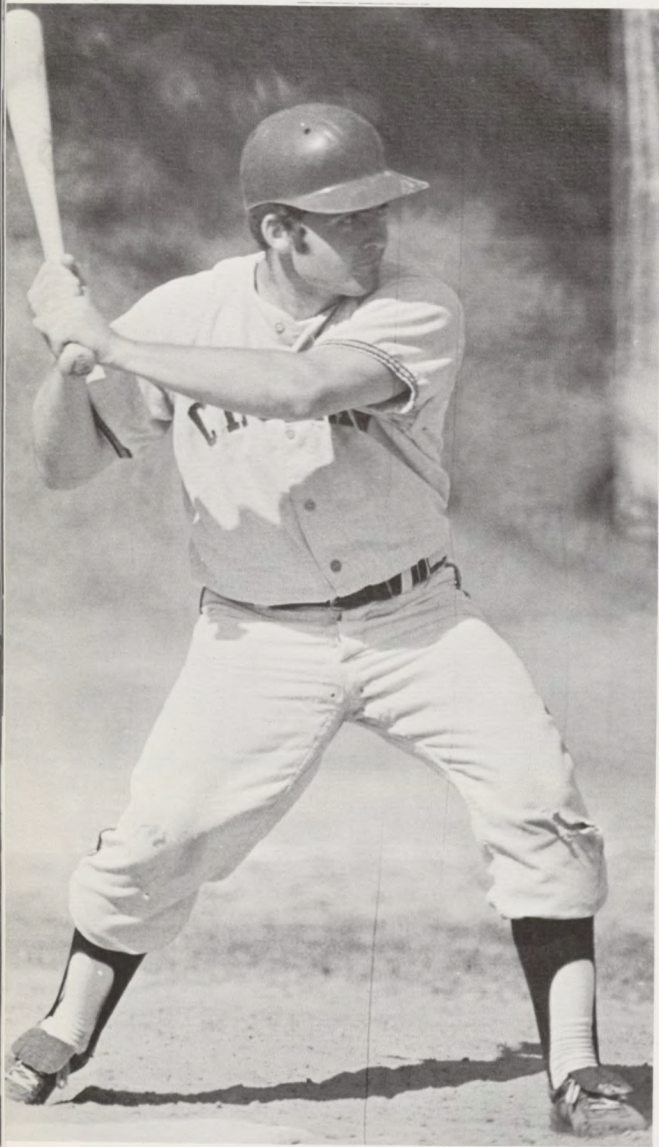

despite the fact that the team was young it managed to get the job done. much help came from tom payne, who drilled several long balls against the outfield fence and from bob disney, who began his second year with rifle-like throwing arm. a prospective look at next year's season is even more hopeful.

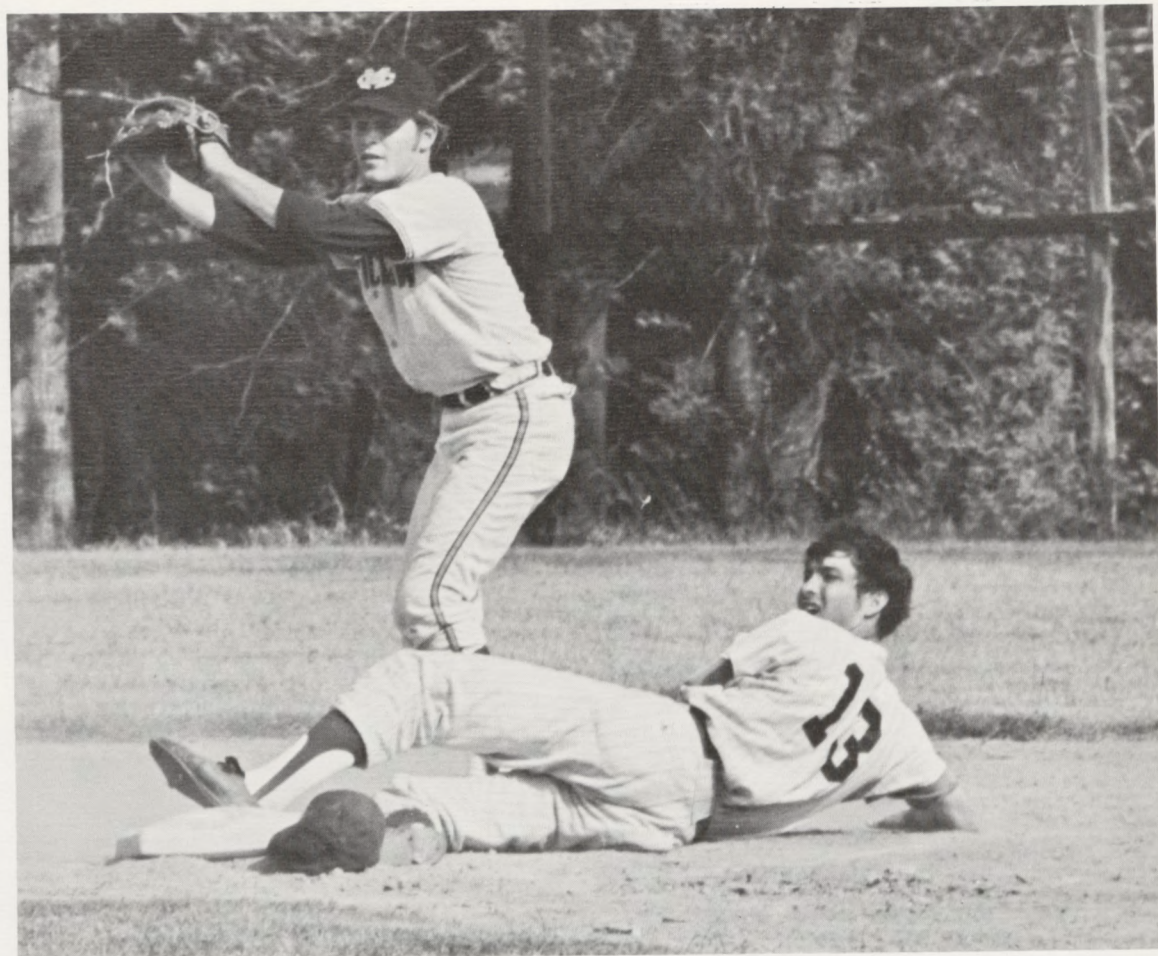

first row: johnny buskirk, jeff goodrich, john summer, tom payne, kirby carlisle, bob disney, coker palmer, tommy thompson, lon oswald.
second row: coach coleman, danny lindsley, gerald sartin, bill hutto, alan stephens, al hurt, richard brooks, randy wallace, fred johnson, ray wright, paul woods, bob leonard, lloyd seymour.

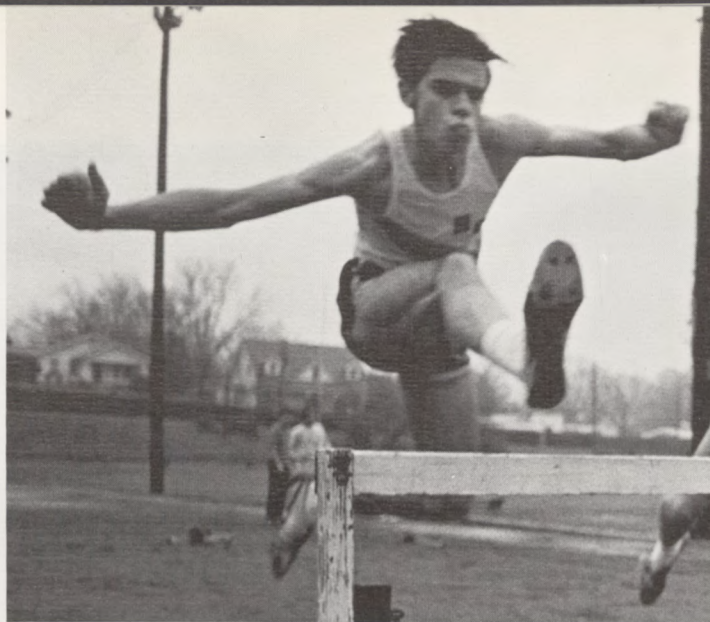

track and cross country

track and cross country are rapidly gaining precedence in the mc varsity sports. under coach joe walker much improvement was seen in the cross country team where the chocs managed to hold their own.

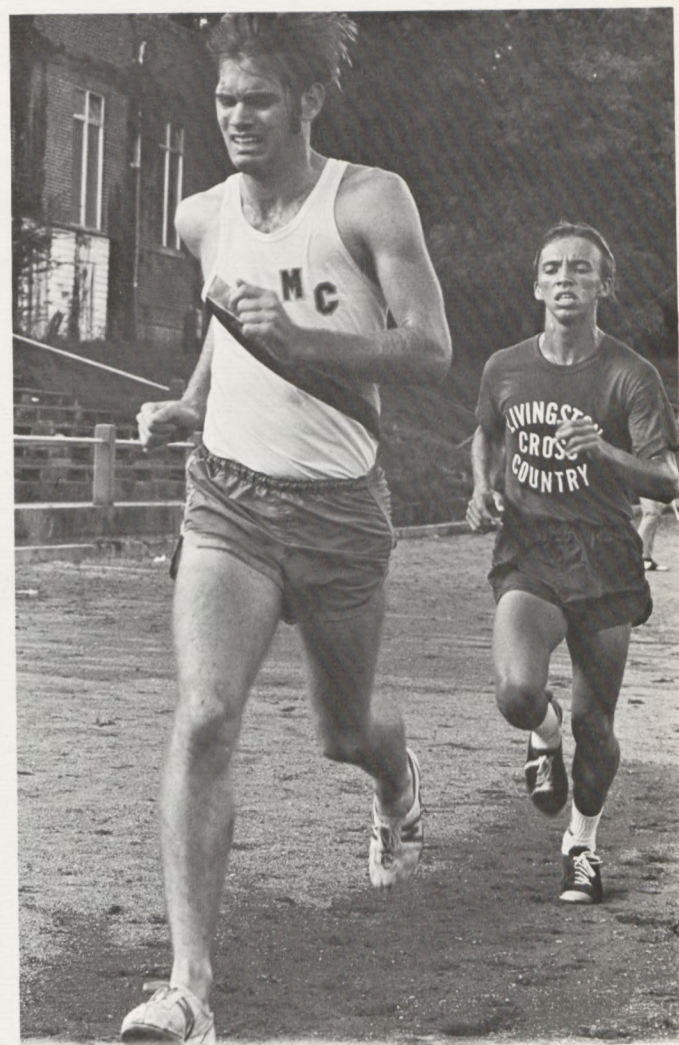

in track the choctaws did surprisingly well at the university of south alabama invitational when mc broke four school records. wins for the chocs were aided by hurler steve nations and runner doug blackwell. the season ended favorably despite setbacks.

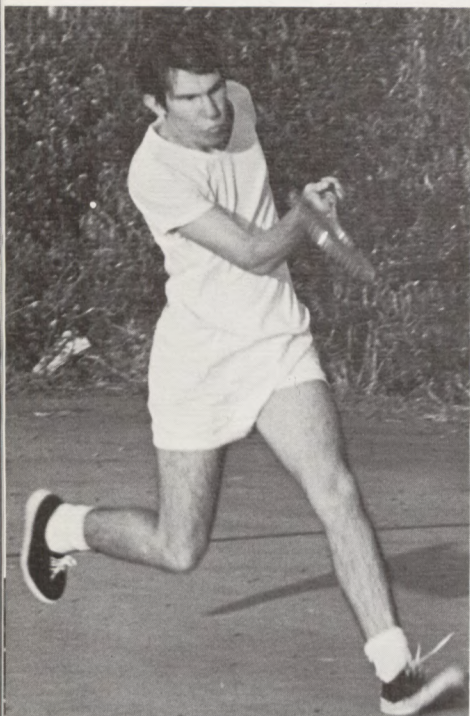

top: mike brister takes the first hurdles in stride. **middle:** ronnie mangle, win foshee, tom cooksey start on the 100 yard dash. **bottom:** steve nations runs the high hurdles.

upper left: bill odom makes the big jump. **upper right:** doug blackwell takes long strides for the finish line.

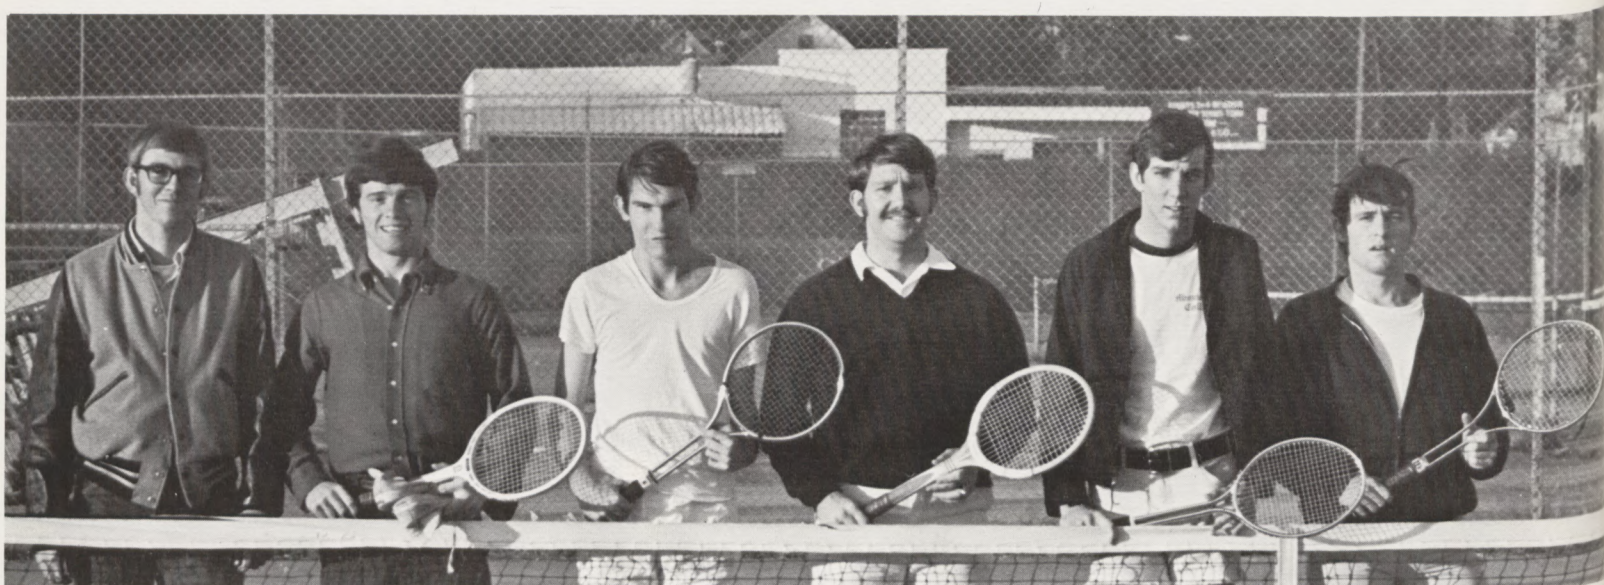

lower left: ed mosher throws shot put. **lower right:** lamar strong has the lead in the cross country.

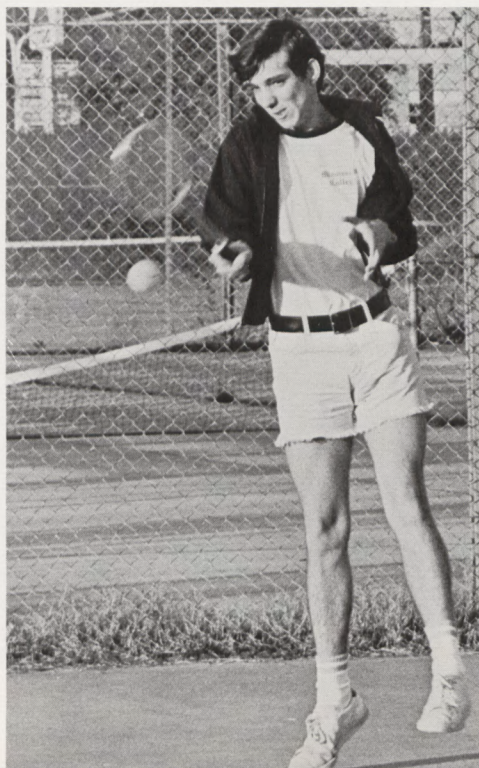

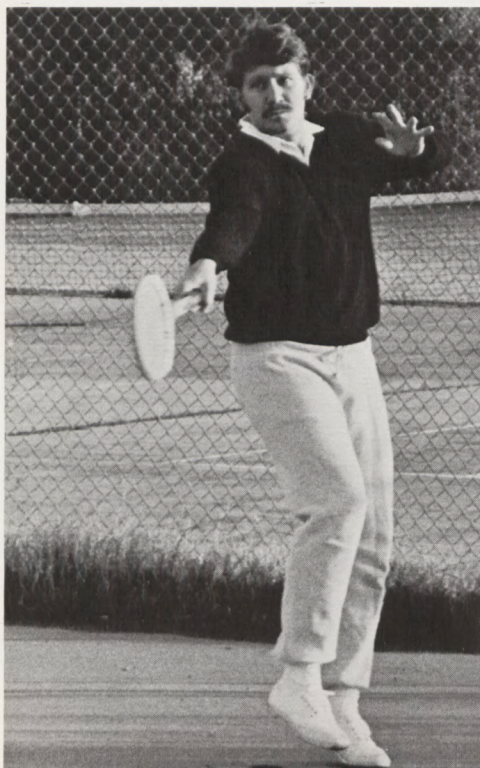

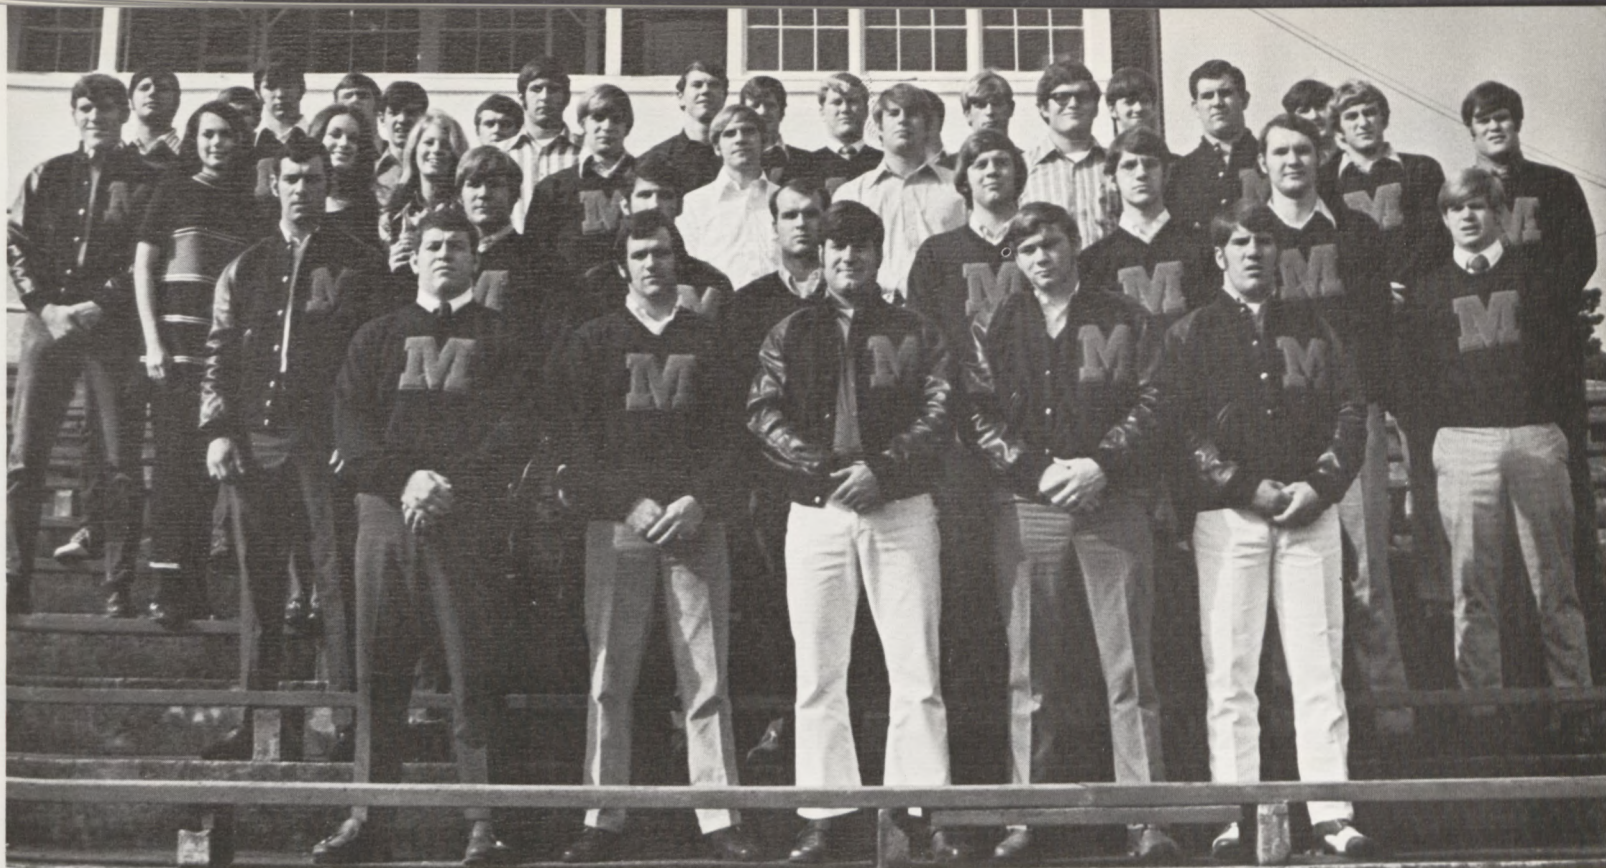

hi-ho for tennis

the young and fresh tennis squad faced many tough opponents during the season. the team roughed a fifteen match schedule with ole miss, mississippi southern, and delta state as major contestants. the racket squad finished out a season with comparable success and the outlook for the '72 team looks even better.

john wayne edwards, mac bethea, don wilson, robin nichols, roy hood, wayne mullen.

first row: jimmy thompson, paul woods, scotty overschmidt, donnie carruth, lloyd seymour. **second row:** richard brooks, frank davis, frank dyer, steve sparks, al hurt, steve newsome, marc dukes, rich fields. **third row:** dale shepherd, carol lum, missy ramsay, dabney day, sweethearts; steve nail, charlie weems, steve kennedy, fred johnson, james ray smith, ronnie cannon, don cheek. **fourth row:** ronnie haik, bo chism, ray wright, ronnie garner, johnny buskirk, mike kappleman, bob disney, charlie seiz, billy coon, dandy wallace.

student government

the student body association is the coordinating force behind practically all student activities of an extra-curricular, non-varsity nature. through the medium of the sba, the student is given an effective voice in the affairs of the college and is allowed to, in effect, make the policies by which he is governed. through the judicial council the students punish or acquit in every case of alleged infractions of regulations. through the senate the students make their own laws and regulations. the president's cabinet coordinates these and other extra-curricular activities.

THE

EDUCATORS

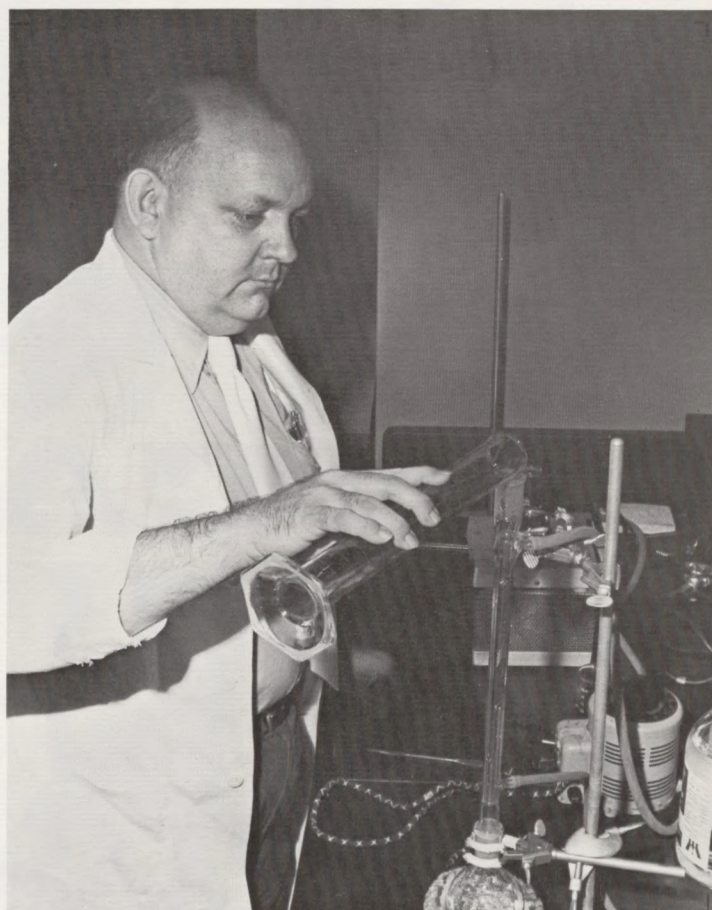

mr. president

during the past year mississippi college has witnessed continual growth and development under the leadership of its president dr. lewis nobles. the physical complexion of the campus has changed with improvement in the grounds, additional buildings, and more plans for phenomenal expansion. dr. nobles has also accelerated the educational thought of the institution in his working relationships with administration, faculty, and students.

it is with pride that all associates of mc recognize dr. lewis nobles not only as a capable leader but also as a most respected and christian president.

1971 tribesman honors

countless numbers of leary students have survived freshman chemistry with the help of one of mc's most enjoyable professors. he comes into the class-room each morning smiling, always smiling. he delivers his lectures in a warm and cordial voice which often explains his many after class discussions with students. he is one who challenges the student and prepares him for more concentrated study in areas where his abilities as an outstanding teacher are even more evident.

it is with honor that the 1971 **tribesman** recognizes the eleven years of service given to mississippi college by **dr. john legg**, associate professor of chemistry.

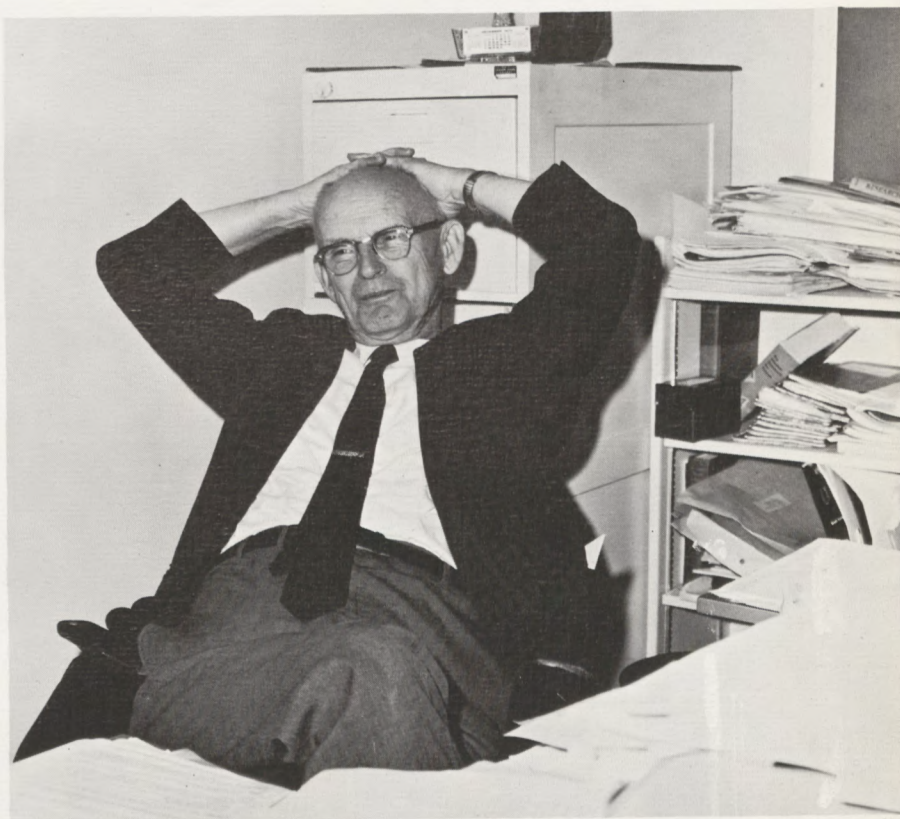

a continuous smile, a gentle voice, a happy person, and outstanding educator cause students to admire a professor who has served in various capacities of teaching and administrating at mississippi college. she is most learned in her subject and conveys her interest in it to her classroom usually filled to capacity. she is personable and easy to talk with which stimulate an appreciation for this professor's efforts among her students.

a 1971 **tribesman** honoree is one who is respected by both students and faculty and who now serves as chairman of the division of humanities and a professor of english, **dr. sarah rouse**.

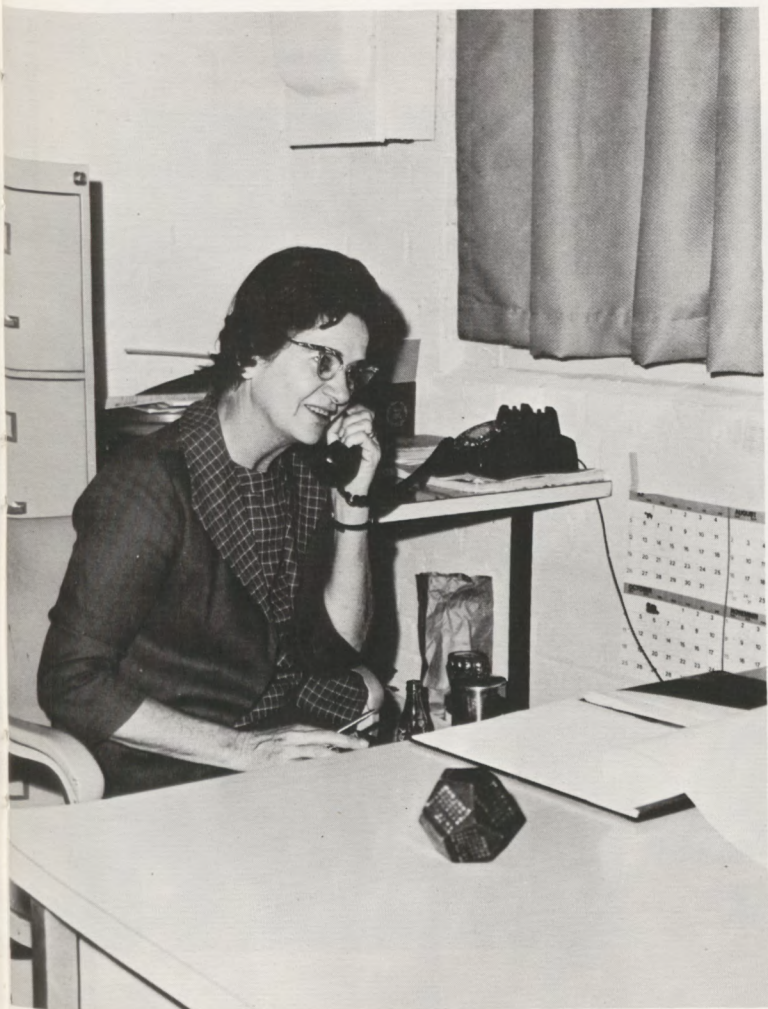

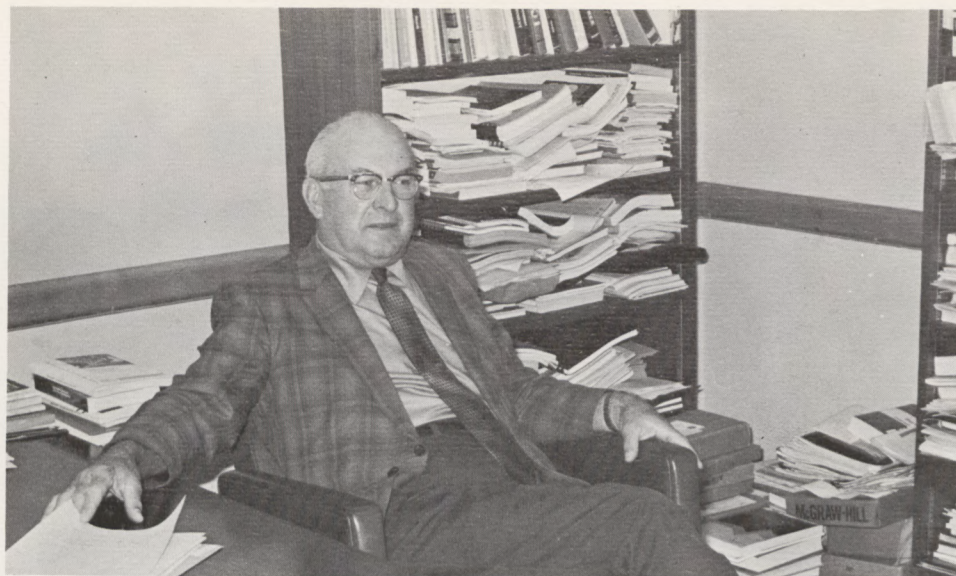

anyone who enters the hallowed doors of lowery hall eventually become very familiar with one of its most likable personalities. he is a professor who is constantly involved in a busy schedule but a man who always has time to sit down at his desk piled high with papers, lean back with his hands linked behind his head, and listen to the confusion of students.

the 1971 **tribesman** wishes to recognize a most valuable member of the education department as well as an asset to the institution for the past sixteen years. he is **dr. eugene farr**, professor of education and director of placement for student teaching.

there is no doubt that every young women who passes through mc has become familiar with the warm smile and quick wit of this most respected instructor. she is one who shows a keen interest in students outside as well as inside the classroom. in her fourteen years at mississippi college she has done much toward the advancement of her subject and for the college also. because of what she has shown to be and what she means to so many mc students, the 1971 **tribesman** would like to recognize **mrs. hazel newman**, assistant professor of physical education.

THE

PEOPLE

the senior class

it is my invincible belief that science and peace will triumph over ignorance and war; that the nations will come to an understanding, not for destruction but for construction, and that the future will be to those who have done the most for suffering humanity.

—louis pasteur

let us carry with us a remembrance of how the world is changing, the revolutions which are taking place in the world today. let us forget our petty quarrels and open windows of our minds so that we can see our changing society in its true picture.

afterthoughts

let today embrace the past with remembrance
and the future with longing, for yesterday is but
today's memory and tomorrow is today's dream.

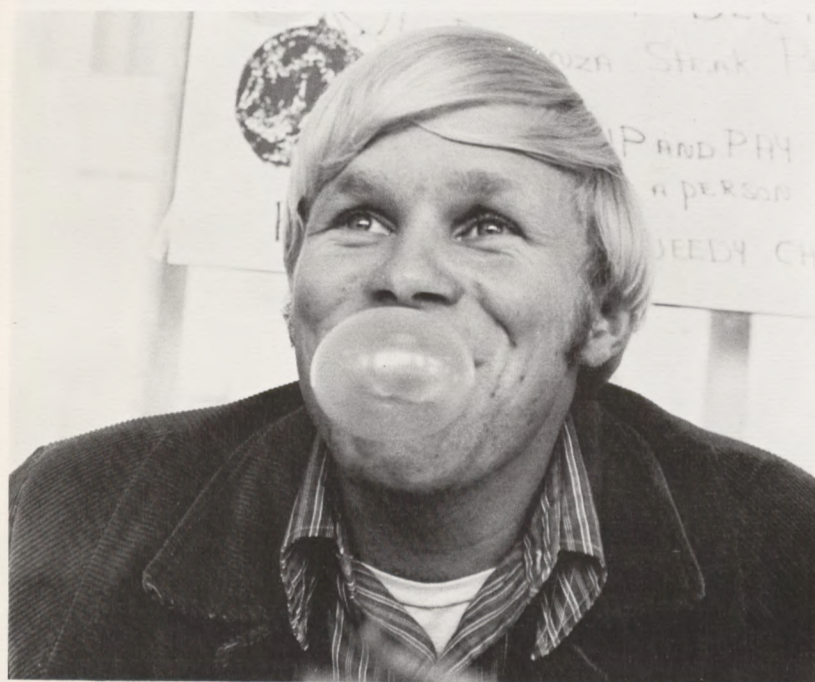

kahlil gibran

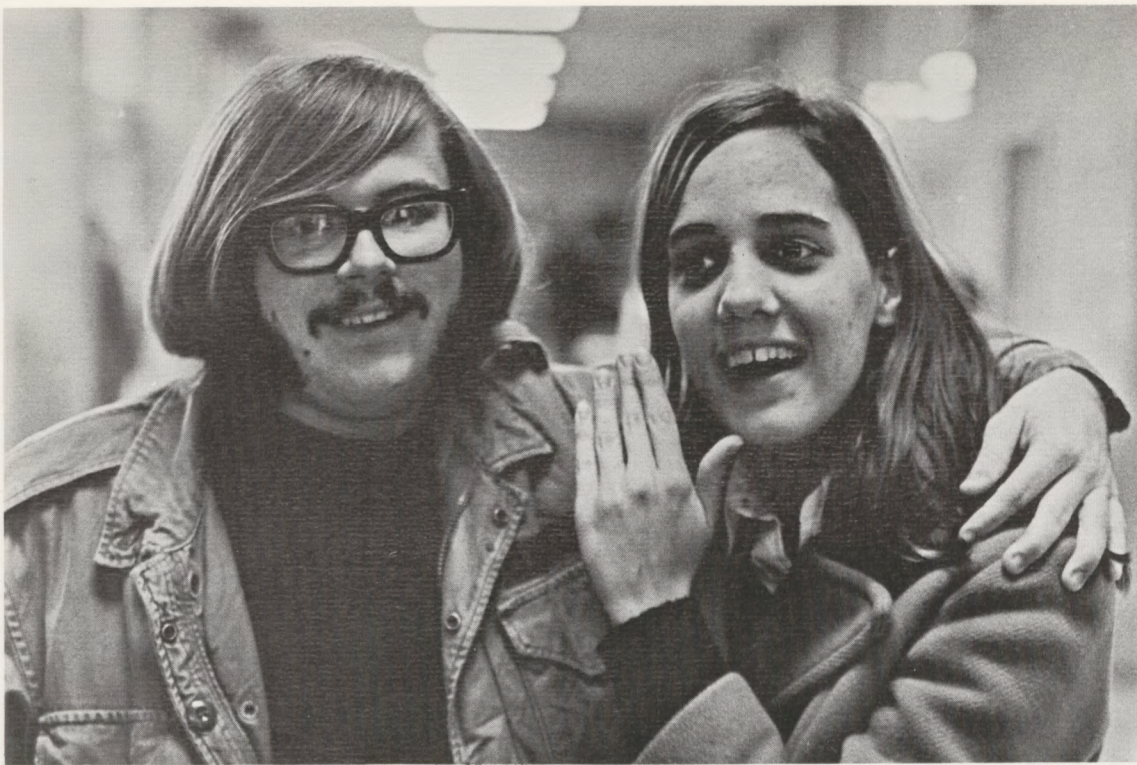

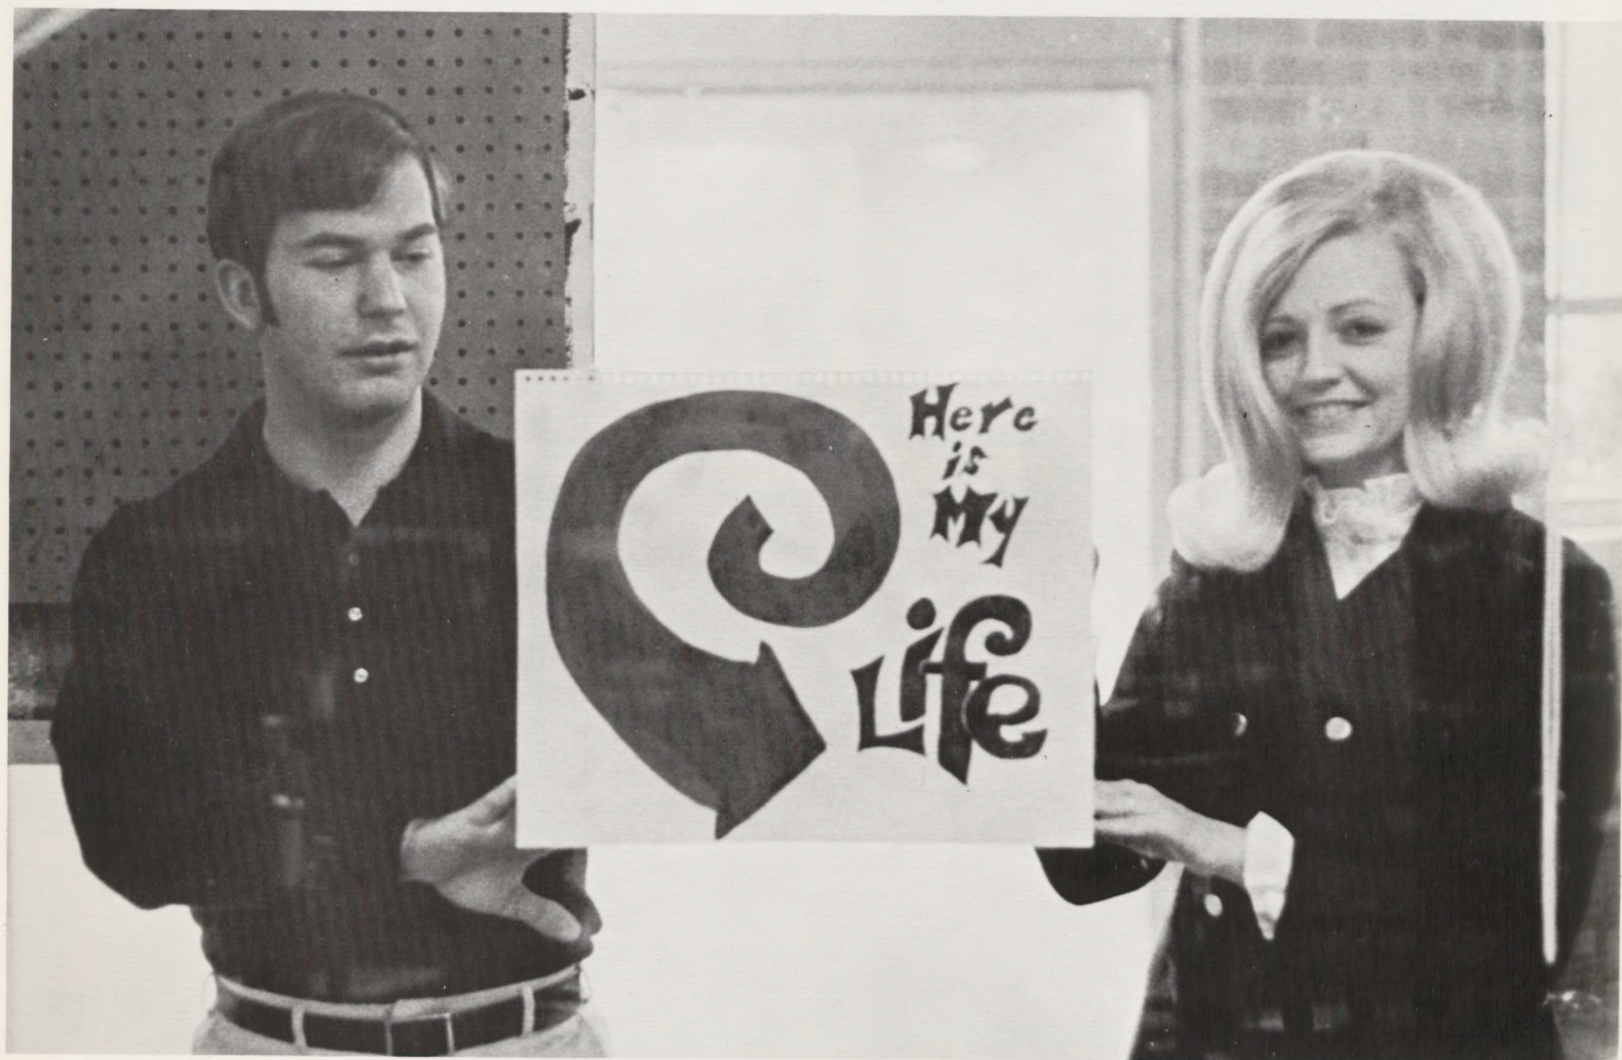

no man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

the teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith and his lovingness.

if he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind.

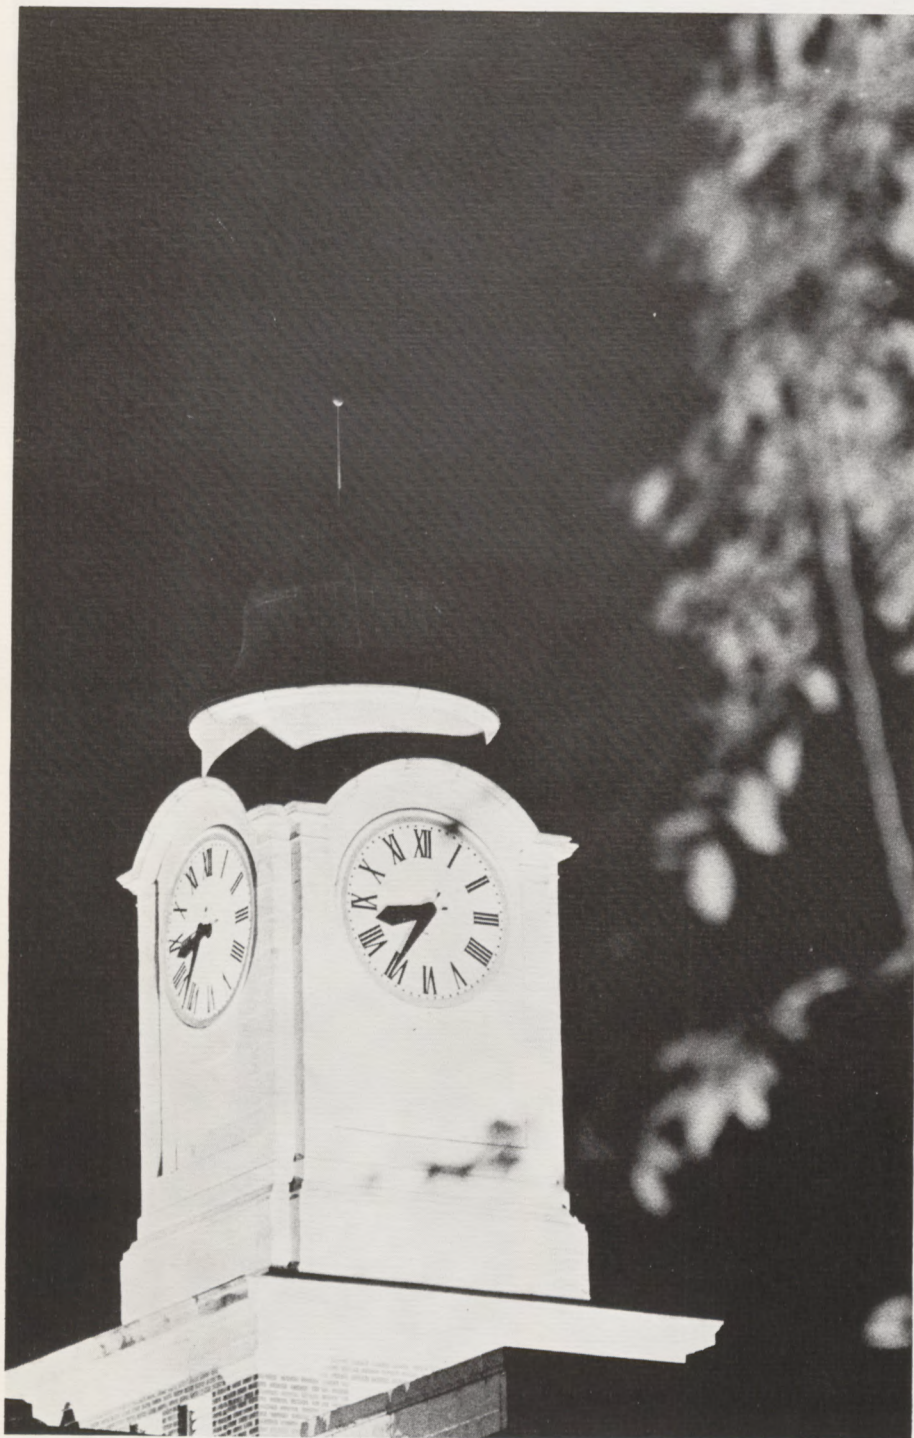

the astronomer may speak to you of his understanding of space, but he cannot give you his understanding.

the musician may sing to you of the rhythm which is in all space, but he cannot give you the ear which arrests the rhythm nor the voice that echoes it.

and he who is versed in the science of numbers can tell of the regions of weight and measure, but he cannot conduct you thither. for the vision of one man lends not its wings to another man.

and even as each one of you stands alone in God's knowledge, so must each one of you be alone in his knowledge of God and in his understanding of the earth.

kahlil gibran

editor's note

the 1971 tribesman has been merely an attempt to capture the few passing moments in life that encompass the college career. a year of your life is reflected in this book. it is a presentation of you in classes, at parties, in parades, playing football, in tuxs and formals, in jerseys and bluejeans, attending meetings, sharing experiences, cramming for exams, laughing, simply being alone.

to produce such a reflection requires a tremendous amount of patience, planning, and cooperation. appreciation must be expressed to mr. bill benson and his fine staff, mr. vessen magee, joe lee and bill strange, and jimmy lewis. also ney gore, stokes neal, charlie ray, and john mccall have been of much help. each staff member and especially the section editors who contributed so much to the completion of the annual know who they are and how much they have been appreciated. then there are the many friends whose encouraging words have made it possible to continue. i would like to thank especially mary lou donovan who has been a tremendous help in carrying more than her share of responsibilities. finally there is the one who has given me strength to smile when it seemed hardest.

true it has been no smooth road, but no one asked for an easy one. changes have been made—a different approach has been taken. change should not be criticized, however, until it has been understood and realized. it is in this respect that the 1971 tribesman is a kaleidoscope of life at mc. look through its mirrors and perhaps you may find the person that you are and the person you want to become.
